

Parent & Family Newsletter

Message From the Dean of Students

Dear Parents and Family Members,

Student Life is in full swing on campus! Students are making connections around campus through athletics, club events, activities in residence halls, and weekend opportunities hosted by CAB (Campus Activities Board). We concluded the month of September on Friday at the top of Mount Kearsarge for a beautiful Mountain day celebration!

Please help to remind your student that we are here to help them with academic skills and stress relief. We are pleased to provide students with **Uwill Student Mental Health & Wellness** counseling service (<https://uwill.com/>) with access to a mental health professional 24 hours, 365 days a year. Baird Health Center & Counseling is also available to students. Additional details can be found on their website.

Kindest regards,

Robin B. Davis, J.D.

Student Success and Making Connections

Your students are approaching the half-way mark in the semester and that deserves some celebration!

Students can feel homesick all over again after they return from trips like Fall Break and Thanksgiving. Encourage them to join groups and attend events to ease their return. It's always a great time for students to try new clubs and to get involved. Our Student Activities Office hosts new experiences weekly, like laser tag and Halloween adventures! Check [@cscsao on instagram](#) to help your students stay up to date with the latest events.

Important Dates:

- Students should check their mid-

term grades in Powercampus Self-Service on October 27th.

- Students should discuss their mid-term grades with academic advisors to learn if there are additional resources to help them and to celebrate their progress.
- Students can still withdraw from classes, and receive a W on their transcript, until November 4th.
- Registration will be held from November 7-10th

As always, email me with questions!

Warmly,

Erica Webb

Citizenship Education and Community

Hello to you from Citizenship Education! Citizenship Education's role is to work with students who, for one reason or another, have been referred to our office due to alleged student conduct concerns. The student conduct process and policies are designed to be educational in nature. We encourage personal development responsibility, while also helping ensure a culture of accountability on campus by overseeing the formal conduct process as well as hosting various programming initiatives. We also organize and supervise our student-led hearing board, the Community Council. Students with a taste for a leadership opportunity are always welcome at the table! Navigating life on campus can sometimes be

confusing, especially for students who may not be as familiar with the Code of Community Responsibility. While on average relatively few students are ever referred to our office, there are times that it does happen. We encourage you to reach out at any time to speak to us about any questions or concerns you might have!
