PREPARATION OF THE ANNUAL CAMPUS SAFETY REPORT

Colby-Sawyer College’s Department of Campus Safety prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, commonly known as the Clery Act. The full text of this report is located on our web site at http://www.colby-sawyer.edu/clery/index.html. You can also visit our site via the CSC Home page at www.colby-sawyer.edu. This report is prepared in cooperation with local law enforcement, Residential Education, Student Activities, Citizenship Education, and the Baird Health and Counseling Center. Each entity provides updated information on their educational efforts and programs to comply with the Clery Act.

Campus crime, arrest, and referral statistics include those reported to Campus Safety. Campus Security Authorities are designated campus officials to include, but not limited to directors, deans, Citizenship Education, advisors to students/student organizations, athletic coaches, and local law enforcement. These statistics may also include crimes that have occurred in private residences or businesses, and is not required by law.

The Department of Campus Safety publishes the Annual Security Report on or before October 1st of each year. The Director of Campus Safety sends an email announcement to all students, faculty, and staff, which explains the purpose of the report and informs them that they can access the report via the CSC website. A hyperlink to the report is included in the announcement. Copies of the report may also be obtained at Campus Safety located in James House, or by calling 603-526-3675. Prospective employees may obtain a copy of the report from Human Resources, which is located in Colgate Hall.

CAMPUS SAFETY OBJECTIVE

Campus Safety’s mission is to create a safe environment conducive to learning by promoting individual responsibility and community commitment through education, empowerment, engineering, and enforcement, using proactive partnerships throughout the Colby-Sawyer College community.

GENERAL INFORMATION

Campus Safety Officers at Colby-Sawyer College are a team of professionals working to provide a secure and safe environment in order to facilitate the educational mission of the College.

Campus Safety is service-oriented and tailored to the needs of the College. It provides crime prevention and control, investigations, traffic and parking supervision, physical plant security, emergency first-aid treatment, identification services, coordination of action during disasters, the maintenance of public order, and other services including, but not restricted to:

- provision of personal and parking registration for students, faculty, staff, and visitors
- safety hazard reporting to the Facilities department
- photo identification card provision and management for members of the college community
• conducting evening personal safety escort services when requested
• crime prevention notices and seminar instruction
• maintaining lost and found services

AUTHORITY AND RELATIONSHIP WITH OTHER AGENCIES
Campus Safety Officers, acting as agents of the College, are authorized to enforce the policies and regulations of the College and to refer those individuals in violation to the Department of Citizenship Education. Officers do not have sworn police powers. The College maintains a cooperative relationship with the Town of New London, and Campus Safety maintains an excellent working relationship with New London Police Department. The circumstances under which New London Police Department will be contacted are defined in a Memorandum of Understanding between New London Police Department and the CSC Department of Campus Safety that outlines which agency will have jurisdiction over which types of offenses. Campus Safety also periodically works with local, state, and federal organizations on investigations, programs, and training.

Local law enforcement agencies include:
• New London Police Department: 911 or 526-2626
• New Hampshire State Police: 1-800-852-3411

HOW TO REPORT CRIMES AND EMERGENCIES ON AND OFF CAMPUS
All crime victims and witnesses are strongly encouraged to immediately report the crime to Campus Safety and/or the New London Police Department. Prompt reporting will assure timely warning notices on campus, and timely disclosure of crime statistics. If you observe a crime or suspected crime, please provide the following information accurately and as soon as possible:
• the nature of the incident
• where and when the incident occurred
• the person(s) involved (name, sex, race, age, height, weight, hair color and style, scars, tattoos, clothing, and anything else which might help in individual identification)
• the vehicle(s) involved (type, make, license plate number and state of license plate, color, decals, and anything else which might help in vehicle identification)
• a detailed description of the property (if any) in question

You are the main ingredient in crime prevention. Disinterest and complacency are the prime contributors to campus crime. Please be alert to all suspicious activity and report all incidents promptly.
TO REPORT A CRIME ON CAMPUS

You can contact Campus Safety at 526-3300 or by using the wall mounted emergency telephones located at the entrance of all residence halls and many administrative/academic buildings, or you can dial 911 for New London Police Department (emergencies only). Emergency pedestal telephones are also located in lots K and M. Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings, or around the Residence Halls should be reported to Campus Safety.

Communications Specialists and/or Campus Safety Officers are available at the aforementioned telephone numbers 24 hours a day to answer your call. In response to a call, Campus Safety or the appropriate law enforcement agency will dispatch an officer or ask the victim to file an incident report.

All Campus Safety incident reports are forwarded to the Office of Citizenship Education for review and potential action. Campus Safety personnel will investigate a report when it is deemed appropriate. Additional information obtained via the investigation will also be forwarded to the Office of Citizenship Education.

If assistance is required from the New London Police Department or the New London Fire Department, Campus Safety will contact the appropriate agency. If a sexual assault or rape should occur, staff on the scene, including Campus Safety, will offer the victim a wide variety of services.

This publication contains information about on-campus and off-campus resources. That information is made available to provide CSC community members with specific information about the resources that are available in the event that they become the victim of a crime. The information about “resources” is not provided to infer that they are “reporting entities” for CSC.

TO REPORT A CRIME OFF CAMPUS

A crime that occurs off campus should be reported to the police department having legal jurisdiction (see phone numbers previously listed). Campus Safety is here to assist you in the event you are unsure of the appropriate department to contact. Call 526-3675 or, in case of an emergency, call 911. While CSC does not operate any off-campus student organization facilities, the College does own residences in close proximity to campus, and leases housing to students. While the New London Police Department has primary jurisdiction in all areas off campus, Campus Safety Officers respond to student-related incidents that occur on property owned and leased by the College.

CONFIDENTIAL REPORTING

If you are the victim of a crime and do not want to pursue action within the CSC or criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Campus Safety or a designee of the Department of Campus Safety can file a report on the details of the incident, without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others.
With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution. Confidential report forms can be found on the College’s website at [http://www.colby-sawyer.edu/clery/index.html](http://www.colby-sawyer.edu/clery/index.html).

Concurrently, as a result of the negotiated rulemaking process which followed the signing into law the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “professional counselors,” when acting as such, are not considered to be a Campus Security Authority, and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged—if and when they deem it appropriate—to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

**TIMELY WARNINGS**

In the event a situation occurs, either on or off campus, that, in the judgment of the College’s President, Senior Staff, and/or Director of Campus Safety, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued.

In situations where the threat is not immediate, the College will use its email system to distribute information to students, faculty, and staff.

Depending on the particular circumstances of the crime, especially in situations that could pose a direct threat to the community, the Emergency Notification System may be activated. In such instances, a TXT message will be sent to all subscribers using CSCAlert in concert with mass emails and postings on the College’s webpage. Other means of disseminating information may include the posting of a notice in each of the residence halls, as well as Colgate Hall, Ware Student Center, the Dan and Kathleen Hogan Sports Center, Susan Colgate Cleveland Library, and the Ivey Science Center, using runners, a portable public announcement system, and/or local media outlets. Anyone with information warranting a timely warning should report the circumstances to the Department of Campus Safety, by telephone (526-3300) or in person at James House.

**ACCESS TO CAMPUS FACILITIES**

Colby-Sawyer College buildings, grounds, and parking areas are private property. Community members may use campus facilities for advertised public events or as members of the Susan Colgate Cleveland Library or Dan and Kathleen Hogan Sports Center.

Administrative buildings are secured at the earliest possible hour, given their projected use each day. Exterior doors to on-campus residence halls are locked 24/7; however, resident students can access all residence halls using their CSC SmartCard 7:00 AM through 9:30 PM Sunday through Thursday and 7:00 AM through 7:00 PM on Friday.
and Saturday, and their own on-campus residence hall after hours. The exteriors of the on-campus residence halls are secured by electronic card access systems. Residence Halls located off campus are secured 24/7 with the BEST® lock system. Campus Safety Officers periodically patrol on-campus and off-campus properties to check for propped doors, as well as other safety issues.

Some areas on campus, such as smart classrooms, computer rooms, and studios are restricted from access without authorization. Authorization must be in writing from the person responsible for the area and must be on file at the Campus Safety Office in order for access to be granted to any restricted area. Valid CSC identification is necessary to confirm authorization for access. Campus Safety reserves the right to give or deny access to any area in case of emergency.

**FACILITIES AND GROUNDS ACCESS AND PATROLS**

The Campus Safety Officers on duty provide ongoing monitoring of on-campus and off-campus properties owned/leased by the College, through scheduled and random patrolling. Officers are alert to security and safety conditions such as unauthorized visitors, disruptive behavior, defective lighting, inoperative doors or locks, fire hazards, defective walkways, and evidence of vandalism. Officers monitor the parking lots to deter incidents, maintain open access, and to ensure compliance with the CSC parking policy.

**COLLEGE OWNED/LEASED PROPERTIES**

**Traditional Residential Facilities:** Abbey Hall, Austin Hall, Best Hall, Burpee Hall, Colby Hall, Danforth Hall, Lawson Hall, Page Hall, Rooke Hall, and Shepard Hall.

**Non-Traditional Residential Facilities:** London House (480 Main Street), Grey House (117 Gould Road), White House (75 Seamans Road), Yellow House (81 Seamans Road), Red House (452 Main Street), and Cottage Lane (units 30, 33, 42, 54, 63, and 68).

**Campus Academic/Administrative Facilities:** Colgate Hall, William T. Baird Health and Counseling Center, Sawyer Fine Arts Center, Ware Student Center, Dan and Kathleen Hogan Sports Center, Reichhold Center, Susan Colgate Cleveland Library/Learning Center, Mercer Hall, Lethbridge Lodge and Pub, Curtis L. Ivey Science Center, Colby Homestead, Colby Farm, Windy Hill School, Caretaker’s Cottage, James House, Sustainable Classroom, McKean Hall, and Sue’s Sugar House.

**Non-Campus Academic/Administrative Facilities:** President’s House (504 Main Street) and Facilities (372 Rear Main Street).
CSC SMARTCARD

The Colby-Sawyer College identification card is called the CSC SmartCard. It serves as both identification as well as a means to access buildings, check materials from the Susan Colgate Cleveland Library, eat in the dining facility and Lethbridge Lodge, make vending machine purchases, operate campus laundry amenities, and use the college athletic facilities. CSC SmartCards are issued and/or validated at student registration each semester and/or immediately after hiring. Replacement CSC SmartCards can be obtained throughout the year at the Campus Safety Office (fee must be paid to the Finance Office). Community members should carry their CSC SmartCards at all times when on campus, and present it to a Campus Safety Officer or other College official upon request, in accordance with the Code of Community Responsibility.

GUESTS

All guests must register with Campus Safety upon arrival on campus. The Student Activities Office must approve all vendors prior to conducting business up on campus. Unauthorized persons found on campus will be deemed trespassers and may be subject to criminal prosecution. See the Code of Community Responsibility for the complete Guest Policy at: http://www.colby-sawyer.edu/conduct/guests.html.

LOCKOUTS AND LOST KEYS

Colby-Sawyer College Lock Out Policy: Students should keep their doors locked at all times. Students who are locked out of their room should contact Campus Safety and request assistance. During the hours when Residential Education staff members are on duty, Campus Safety will attempt to contact a Resident Assistant (RA) and request assistance for the student. The RA will verify the identity of the requesting student (if unknown) and unlock the student's assigned room. During hours when Residential Education is not on duty, an RA is unreachable, or the student resides in a CSC-leased property, Campus Safety will provide access. In all cases, Campus Safety will record the student's name and date of the request so an accurate count can be maintained.

Faculty and staff who are locked out of their workspaces should first contact their administrative assistant for access. If no one from their area is available to assist, they should contact Campus Safety for access.

Lock Out Charges: One free lock out is permitted each academic year. A lock out fee of $10 will be assessed for each additional lock out after the first has been logged. The lock out charges will be applied to the student's CSC Smartcard account at the end of each month. Students without a CSC Smartcard account will have their college account billed.

Colby-Sawyer College Lock Change Policy: At Colby-Sawyer College, the safety of our community members and visitors is a top priority. The loss or theft of a key is considered a security risk, as anyone who finds it is then able to access buildings and/or rooms. Therefore, lost keys should be reported to Campus Safety immediately. For the safety of all campus community members, a lost key will always result in a lock change.
**Lock Change Charges:** Colby-Sawyer College uses a proprietary patented lock system making unauthorized key duplication improbable. Charges for lock/key replacement are based on the cost of materials and the labor required to change any of the locks potentially impacted by the missing key(s).

The residential student cost for lock changes is as follows: $35.00 for a single, $45.00 for a double, $55.00 for a triple, and $65.00 for a quad. Additional costs may be incurred for apartments and lease properties. Immediately after the lock change has been completed, Campus Safety will issue an invoice to the responsible party through CSC campus mail. The invoice should be paid at the Financial Services Office in Colgate Hall during regular business hours with a check, CSC Smartcard, or Credit Card. Charges not paid within 14 days will be added to the student's college account.

The cost of lock changes for employees who have lost an assigned key is predicated on the kind of key(s) that were lost and the number of locks impacted. The department who employs the individual who lost the key will be billed and is responsible for all related charges.

**ALCOHOL/DRUG LAWS AND POLICIES**

**Alcohol in General**

The abuse and illegal use of alcohol and other drugs is detrimental to academic endeavor, enjoyable social activity, personal growth, and the welfare of the campus community. The college acknowledges it has both a moral duty to care about substance abuse problems, as well as a legal responsibility to formally address and educate the campus community regarding substance abuse problems. The College’s Department of Campus Safety is responsible for investigating alleged violations of college policy, which includes state and local laws concerning alcohol. When Campus Safety determines an infraction has occurred, they will generate an incident report, which will be forwarded to Citizenship Education (student violator) or the Department of Human Resources (employee violator) for further action. The college may also involve law enforcement based on the circumstances of the violation. Colby-Sawyer’s rules and regulations, in addition to the enforcement of New Hampshire state law and compliance with the Drug-Free Schools and Communities Act of 1989, establish educational and legal parameters for alcohol use.

**Individual Responsibility**

All members of the Colby-Sawyer community are expected to be familiar with and abide by college policies governing the use of alcohol and other drugs. Members of the college community, as well as visitors and guests, are legally and individually responsible should their behavior jeopardize themselves, the safety or welfare of any person, or result in damage to property. Behavior resulting from intoxication or chemical use which causes, or can be expected to cause, harm to any person, damage to any property, or disruption to the college environment will be dealt with through the college judicial system, may result in suspension or dismissal from Colby-Sawyer, and may result in legal action.
Policies Governing Alcohol Use

- Underage persons may not possess or consume alcohol anywhere on campus.
- Underage students, who possess alcoholic containers, whether they contain alcohol or are empty, will be considered in possession of alcohol.
- Persons of legal age (21 years) may purchase and consume alcoholic beverages in a licensed campus area at college-sponsored events. These events must be approved in advance by the Vice President/Dean of Students (or a designated person) for student-sponsored events, or by the college’s liquor license agent for employee-sponsored events. Advance notice may be required for some events.
- Colby-Sawyer College does not permit the use of alcoholic beverages at department functions or on college premises when underage people are invited unless appropriate license and liability insurance requirements are met and the sponsoring agent has approval of the Vice President to whom he or she is accountable.
- The excessive use of alcoholic beverages on the campus, including at authorized events, is a violation of the Colby-Sawyer College Code of Community Responsibility.
- Persons of legal drinking age may consume alcohol in resident student rooms where at least one of the assigned residents is of legal age.
- Persons of legal age may not buy, sell, provide, furnish, barter, or exchange alcoholic beverages under any circumstances to/with minors. If a person of legal drinking age allow minors to possess or consume alcoholic beverages, they will be held responsible and appropriate disciplinary action will be taken.
- Persons of legal age may not possess more than any one of the following:
  - 30, 12-ounce containers of beer or equivalent
  - 20, 12-ounce wine coolers
  - 12, 12-ounce mixed alcoholic packaged beverages
  - One and ½ gallons of wine
  - 1.75 liters of distilled spirits
- Shared sources of alcohol, such as kegs, alcoholic punches, party balls, cases of beer, boxed wines, or bars are not allowed on campus. People of legal drinking age may have in their possession only the amount of alcohol as described above.
- Grain alcohol is not permitted on campus.
- Drinking practices that promote intoxication such as, but not limited to, funneling and “around-the-world” parties, drinking games, etc., and the paraphernalia that supports these practices, are not allowed and are in violation of the Colby-Sawyer College Code of Community Responsibility.
- Social events involving alcohol must be registered and have designated non-drinking persons responsible for monitoring the behavior of guests invited to the event.
• Alcohol held in violation of college alcohol policy can and will be confiscated by authorized college personnel (this includes Campus Safety Officers, residential staff members, and others).

• Colby-Sawyer College authorized personnel have the right to question and receive appropriate clarification from any person in regard to containers that could contain alcoholic beverages. Confiscated alcohol will be destroyed. At all social events where alcohol is served, non-alcoholic beverages and appropriate food items will be provided.

• State law prohibits the advertisement or promotion (pictorial or otherwise) of the availability of alcohol at any campus event. This law includes flyers, posters, or any other form of communication used to notify people of an event.

• Colby-Sawyer College contracts with a beverage service holding a liquor/cocktail license that allows alcoholic beverages to be served/sold at pre-approved events on campus. The college adheres fully to state and local laws regarding the service of alcohol. Valid photo identification is required, and underage or intoxicated persons will not be served. People may not enter or leave a licensed area with alcohol.

Please see the Colby-Sawyer College Code of Community Responsibility for additional policies regarding alcohol. You can find it at http://www.colby-sawyer.edu/conduct/alcohol/index.html.

NEW HAMPSHIRE STATE ALCOHOL LAWS

• The legal age for possession and consumption of alcohol in New Hampshire is 21. It is illegal for underage people to possess or consume alcohol.

• No driver under the age of 21, except when accompanied by a parent, legal guardian, or legal age spouse, can transport liquor in any part of a vehicle. Violators could lose their license for up to 60 days.

• It is unlawful to purchase alcohol for, or to give or sell alcohol to, an underage individual or a person under the influence of alcohol.

• The falsification of identification and misrepresentation of age to obtain alcohol is illegal. Acceptable proof of age must be established by a driver’s license with a photograph or a State of New Hampshire identification card. Such card may be secured through the office of the New London town clerk. Violators are subject to fines and other penalties.

• Driving under the influence (D.U.I.) of alcohol or any drug is unlawful. No person shall drive or attempt to drive a vehicle while under the influence of alcohol while there is 0.08% or more by weight of alcohol in their blood (0.02% for minors).

• It is illegal for persons of any age to consume alcohol in or on public areas of the town. These areas include streets, sidewalks, parking lots, beaches, and buildings. Violators are subject to fines and/or arrest.
• **Unlawful Possession:** A person under the age of 21 is guilty of a violation if he or she is intoxicated (any amount of alcohol in system) due to consumption of an alcoholic beverage. $300 minimum for the first offense, $600 minimum for subsequent offenses, possible additional penalties such as the loss of New Hampshire State Driver’s License even if the violation does not occur while operating a vehicle.

• Hosting an alcohol house party where five or more individuals under 21 are present and at least one minor has an alcoholic drink is guilty of a misdemeanor, which could result in the host(s) being fined up to $2,000 and spend a year in jail.

**POLICIES GOVERNING ILLICIT DRUG USE**

Colby-Sawyer College supports federal and state laws prohibiting the use, possession, or sale of controlled drugs. The Department of Campus Safety is responsible for investigating alleged violations of college policy, which include federal and state drug laws. When Campus Safety determines an infraction has occurred they will generate an incident report, which will be forwarded to Citizenship Education (student violator) or the Department of Human Resources (employee violator) for further action. The college may also involve law enforcement based on the circumstances of the violation. The college will not interfere with the legal prosecution of anyone who is apprehended using drugs. Drug violations may be either misdemeanor or felony offenses.

Colby-Sawyer College students, employees, and their guests are responsible for knowing the federal laws concerning drug use. Controlled drugs are defined by law as those substances having stimulant, depressant, or hallucinogenic effects upon the higher functions of the central nervous system, and which are substances which have the potential of being abused or are used for physiological and psychological dependence, or both. Controlled drugs are classified as amphetamines, barbiturates, cannabis (marijuana), cocaine, morphine-type drugs, hallucinogenic, and other stimulant and depressant drugs (excluding alcohol) such as nicotine, caffeine, and laetrile. Paraphernalia, which supports, facilitates, or disguises the use of drugs, is also a violation of college policy. Drug paraphernalia could include bongs, clips, pipes, toilet paper rolls with fabric softener in them, modified soda cans/bottles, etc.

The following are illegal activities involving controlled drugs. They also violate Colby-Sawyer policies.

1. **Sale or Distribution:** transaction, exchange, gift, offer of, prescription, administration, and dispensation (except as authorized by federal law). Students involved in the sale and/or distribution of controlled drugs could face criminal charges and be dismissed from the College.

2. **Manufacture:** compound, mix, cultivate, grow, or process the production or preparation of controlled drugs.

3. **Possession:** knowingly have under control, knowingly controlling any premises or vehicle where a controlled drug is illegally kept or deposited, aiding, assisting, or abetting a person, knowing that such a person is illegally in possession of a controlled drug.
4. **Use**: ingestion or inhaling controlled drugs, another person’s prescription drugs, or using over the counter medication or the products in ways or for the purpose other than their intended use.

   *Note: The possession of seven grams or more of marijuana, baggies, various measured out bundles, a scale, cash or a combination of the aforementioned is enough reasonable suspicion to charge a student with distribution.*

**BUILDING A HEALTHY LEARNING COMMUNITY**

The College has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students. The program provides services related to drug use and abuse including dissemination of informational materials, educational programs, counseling services, referrals, and college disciplinary actions. Baird Health and Counseling Center provides the overall coordination of alcohol and drug education. However, many services are the responsibility of other areas of the institution. These include:

1. **3rd Millennium Classroom Under the Influence (Alcohol) or the (Marijuana) 101 Course**: Alcohol/drug intervention courses used for on-campus violations that takes about 3 hours for a student to complete. The course is designed to reduce negative consequences and is presented in a motivational interviewing style.

2. **HOPE (Help and Observation in a Protected Environment)**: Designed to provide a location where alcohol impaired students are observed by a trained student monitor until the alcohol related health risks have been reduced. Staff members monitor the status of the individual, periodically measuring the patient’s vital signs and breath alcohol level. HOPE monitors adhere to established protocols and make appropriate recommendations for care. Admission is voluntary and free to any CSC student found to be under the influence through the Department of Campus Safety.

3. **SAIT: (Substance Abuse Intervention Teams)**: If warranted by the Substance Abuse Intervention Protocol, a SAIT is assembled to develop a written compliance plan/contract with a student. The SAIT may consist of the student, a substance abuse counselor, a health care practitioner, a support person chosen by the student, the Director of Citizenship Education, and a Residential Education, Campus Safety, or Athletic Training staff member, if appropriate. SAIT are available to all students as needed, and are coordinated by the Baird Health and Counseling Center.

4. **Colby Hall**: a substance free residence hall. It is available to all students.

5. **Baird Health and Counseling Center services (with certified substance abuse counselor)**: Baird Health and Counseling Center provides supportive health and counseling assistance programs to those wanting help in dealing with substance-related issues, and will help in referrals to local mental health agencies and practitioners. The Center is available to all students as needed.

6. **Parental notification**: Notification of parents is accomplished via the student when violations of the alcohol and/or drug policies have been violated and adjudication is required.

7. **Prime for Life**: an evidence-based prevention and intervention program. Prime for Life helps people learn to reduce their risks of alcohol and drug-related
problems throughout life. Offered by Campus Safety, it is offered periodically throughout the academic year.

SUBSTANCE ABUSE RESOURCE GUIDE

On-Campus Organizations
Emergencies: 911
Department of Campus Safety (direct): (603) 526-3300
Department of Campus Safety (administrative/general): (603) 526-3675
Director of Campus Safety: (603) 526-3791
Baird Health and Counseling Center: (603) 526-3621
Student Development Office: (603) 526-3755
Help and Observation in a Protected Environment (HOPE): (603) 526-3675

Off-Campus Organizations
Headrest Hotline: (603) 448-4400 (a 24-hour crisis intervention and information and referral hotline dealing with suicide, alcohol, other drug problems, AIDS, etc.)
Alcoholics Anonymous: (603) 863-4107 (information and support regarding alcohol and alcohol abuse)
Al-anon Alateen: (603) 225-2666 (a fellowship of young people, whose lives have been affected by someone else’s drinking)
JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT, AS AMENDED BY THE VIOLENCE AGAINST WOMEN REAUTHORIZATION ACT OF 2013

Sexual harassment and sexual violence are types of sex discrimination; Colby-Sawyer College does not discriminate on the basis of sex in its educational programs. Other acts can also be forms of sex-based discrimination and are also prohibited, whether sexually based or not, and include dating violence, domestic violence, and stalking. As a result, Colby-Sawyer College issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a College official. In this context, Colby-Sawyer College prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking, and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the college community.

For a complete copy of Colby-Sawyer College’s policy governing sexual misconduct, please visit http://www.colby-sawyer.edu/conduct/sexual-misconduct/index.html.

Definitions

There are numerous terms used by Colby-Sawyer College in our policy and procedures. Please keep in mind that when referring to state law the following is a partial review of the statutes in New Hampshire. It is intended only for purposes of information and guidance, does not cover all acts that may constitute criminal behavior or all parts of the crime statutes, and should not be construed as legal advice. To review the State of New Hampshire Revised Statutes Online, go to http://www.gencourt.state.nh.us/rsa/html/indexes/default.html.

Consent is a verbal or unspoken agreement that two people share before they have sex. Communication during sex can sometimes be confusing and unclear. It is important that partners understand one another. In New Hampshire, the age of sexual consent is 16 year old. Aggravating circumstances that make penetration a crime include the following:

- force
- helpless victim
- threat of force
- threat of retaliation
- kidnapping
- drugged/intoxicated victim
- mentally defective victim
- concealment or surprise
- when penetration is accomplished after the victim has indicated by speech or conduct that consent is not freely given
SEXUAL ASSAULT PER THE COLBY-SAWYER CODE OF COMMUNITY RESPONSIBILITY

Statement on Consent, Coercion, Incapacitation, and Alcohol

At Colby-Sawyer College, a person who is accused of sexual misconduct or sexual assault must show he or she had evidence of unequivocal consent given by the person who complains of inappropriate sexual conduct or contact. The hearing body may find for the complainant instead of the respondent, unless there is evidence of unequivocal consent by one who is capable of offering it. If someone is incapable of offering (or recognizing) consent, due to alcohol or drug consumption, underage status, or other limitation, then sexual activity should cease. Likewise, if someone is incapable of recognizing whether consent has or has not been given, then sexual activity should cease.

Consent to engage in sexual activity must be knowing and voluntary.

Consent to engage in sexual activity must exist from the beginning to end of each instance of sexual activity and for each form of sexual contact. Consent to one form of sexual contact does not constitute consent to all forms of sexual contact. For example, an individual may agree to kiss, but choose not to engage in touching of the intimate parts or sexual intercourse. An individual should obtain consent before moving from one act to another.

Consent consists of an outward demonstration indicating that an individual has freely chosen to engage in sexual activity.

Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage freely in sexual activity. Relying on non-verbal communication can lead to misunderstandings. Consent may not be inferred from silence, passivity, lack of resistance, or lack of active response alone. A person who does not physically resist or verbally refuses sexual activity is not necessarily giving consent. In the absence of an outward demonstration, consent does not exist. If at any time it is reasonably apparent that either party is hesitant, confused, or uncertain, both parties should stop and obtain mutual verbal consent before continuing sexual activity.

A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent.

Even in the context of a relationship, there must be mutually understandable communication that clearly indicates willingness to engage in sexual activity each time such activity occurs.

Consent may be withdrawn by either party at any time.

Withdrawal of consent must also be outwardly demonstrated by words or actions that clearly indicate a desire to end sexual activity. Once withdrawal of consent has been expressed, sexual activity must cease. In the state of New Hampshire, consent can never be given by minors under the age of 16.

Consent is not effective if it results from the use or threat of physical force, intimidation, or coercion, or any other factor that would eliminate an individual's
ability to exercise his or her own free will to choose whether or not to have sexual contact.

Coercion includes the use of pressure and/or oppressive behavior, including expressions or implied threats of harm, intimidation which places an individual in fear of immediate or future harm or physical injury, or causes a person to engage in unwelcome sexual activity. A person's words or conduct amount to coercion if they wrongfully impair the other's freedom of will and ability to choose whether or not to engage in sexual activity.

An individual who is incapacitated is not able to make rational, reasonable judgments and therefore is incapable of giving consent.

Incapacitation is the inability, temporarily or permanently, to give consent, because the individual is mentally and/or physically helpless due to drug or alcohol consumption, either voluntarily or involuntarily, or the individual is unconscious or semi-conscious, asleep, or otherwise unaware that the sexual activity is occurring. In addition, an individual is incapacitated if he/she/they demonstrate that they are unaware of where they are, how they got there, or why or how they became engaged in a sexual interaction. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. Some indicators of incapacitation may include, but are not limited to, lack of control over physical movements (stumbling), lack of awareness of circumstances or surroundings (unconscious or semi-conscious), or the inability to communicate for any reason (slurring). An individual may experience a blackout state in which he/she/they appear to be giving consent, but do not actually have conscious awareness or the ability to consent. It is especially important, therefore, that anyone engaging in sexual activity be aware of the other person's level of intoxication. The relevant standard that will be applied is whether the respondent knew, or a sober reasonable person in the same position should have known that the other party was incapacitated and therefore could not consent to the sexual activity.

Definition of Sexual Assault: Physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. This includes rape, sexual assault, battery, and sexual coercion. Sexual violence may involve individuals who are known to one another or have an intimate and/or sexual relationship, or may involve individuals not known to one another. Examples include, but are not limited to:

- Having or attempting to have sexual intercourse with another individual without consent. Sexual intercourse includes vaginal or anal penetration, however slight, with a body part or object, or oral copulation by mouth-to-genital contact.
- Having or attempting to have sexual contact with another individual without consent. Sexual contact includes kissing, touching the intimate parts of another, causing the other to touch one's intimate parts, or disrobing of another without permission. Intimate parts may include the breasts, genitals, buttocks, mouth, or any other part of the body that is touched in a sexual manner.
New Hampshire RSA 632-A establishes three categories of sexual assault and related offenses:

1. **Aggravated Felonious Sexual Assault** (a Class A felony punishable by up to 15 years in prison) includes engaging in "sexual penetration" of another, in pertinent part, under any of the following circumstances:
   - through application of physical force, violence, or superior physical strength
   - when the victim is physically helpless to resist
   - when the victim is less than 13
   - when at the time of the assault the victim indicates by speech or conduct that consent is not freely given to performance of the sexual act
   - when there is a pattern of sexual assault with a victim under the age of 16
   - when the actor coerces the victim to submit by threatened use of physical violence or physical strength and the victim believes the actor has the ability to execute these threats
   - when the actor coerces the victim to submit by threatening to retaliate and the victim believes the actor has the ability to execute these threats
   - when the victim submits under circumstances involving false imprisonment, kidnapping, or extortion
   - when the actor, without prior knowledge or consent of the victim, administers or has knowledge of another person administering to the victim any intoxicating substance which mentally incapacitates the victim
   - when the actor provides therapy, medical treatment, or examination of the victim in the course of a therapeutic relationship under certain circumstances. See NH RSA 632-A:2

   Aggravated Felonious Sexual Assault also includes intentional touching through clothing, or otherwise, the genitalia of a person under the age of 13 under circumstances that can be reasonably construed as being for the purpose of sexual arousal or gratification.

2. **Felonious Sexual Assault** (a Class B felony punishable by up to 7 years imprisonment) includes, in part, "sexual contact" (intentional touching, reasonably construed as being for purposes of sexual arousal or gratification) when the accused:
   - causes serious personal injury to the victim
   - engages in sexual penetration with the person between the ages of 13 and 16, where the age difference is three years or more
   - engages in sexual contact with a person under the age of 13
   - engages in sexual contact with a person when the actor is in a position of authority over the person and uses that authority to coerce the victim. See NH RSA 632-A:3

3. **Sexual Assault** (a Class A misdemeanor punishable by a fine of $2000 and up to one year imprisonment) includes, in part, "sexual contact" (intentional touching, reasonably construed as being for the purposes of sexual arousal or gratification) with a person 13 years of age or older under the circumstances described regarding aggravated felonious sexual assault, and/or engages in sexual penetration with a person between the ages of 13 and 16 where the age difference
between the actor and the other person is three years or less. See NH RSA 623-A:4.

**Definition of Domestic Violence:** Domestic Violence may involve threats, pushing, punching, slapping, strangulation, sexual assault, shouting, name-calling, harming, or threatening to harm children or pets and other violent or intimidating behaviors by a person with whom the victim is or has cohabitated.

New Hampshire RSA 173-B:1 defines Domestic Violence as a commission or attempted commission of one or more of the acts described in subparagraphs (a) through (g) by a family or household member or by a current or former sexual or intimate partner, where such conduct is determined to constitute a credible present threat to the petitioner's safety. The court may consider evidence of such acts, regardless of their proximity in time to the filing of the petition, which, in combination with recent conduct, reflects an ongoing pattern of behavior, which reasonably causes or has caused the petitioner to fear for his or her safety or well-being:

a. Assault or reckless conduct as defined in RSA 631:1 through RSA 631:3
b. Criminal threatening as defined in RSA 631:4
c. Sexual assault as defined in RSA 632-A:2 through RSA 632-A:5
d. Interference with freedom as defined in RSA 633:1 through RSA 633:3-a
e. Destruction of property as defined in RSA 634:1 and RSA 634:2
f. Unauthorized entry as defined in RSA 635:1 and RSA 635:2
g. Harassment as defined in RSA 644:4

**Definition of Dating Violence:** Means violence committed by a person —

a. who is or has been in a social relationship of a romantic or intimate nature with the victim, and
b. where the existence of such a relationship will be determined based on a consideration of the following factors:
   i. the length of the relationship
   ii. the type of relationship
   iii. the frequency of interaction between the persons involved in the relationship

**Definition of Stalking:** A course of conduct directed at a specific person involving more than one instance of unwanted attention, harassment, physical or verbal contact, or any other course of conduct directed at an individual that could be reasonably regarded as likely to alarm or place that individual in fear of harm or injury, including physical, emotional, or psychological harm. This includes cyber-stalking, a particular form of stalking in which electronic media such as the Internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact are used to pursue, harass, or make unwelcome contact with another person. Stalking and cyber-stalking may involve individuals who are known to one another or have an intimate or sexual relationship, or may involve individuals not known to one another.
New Hampshire RSA 633:3 states a person commits the offense of stalking if such person:

1. purposely, knowingly, or recklessly engages in a course of conduct targeted at a specific person which would cause a reasonable person to fear for his or her personal safety or the safety of a member of that person's immediate family, and the person is actually placed in such fear
2. engages in a course of conduct targeted at a specific individual, which the actor knows will place that individual in fear for his or her personal safety or the safety of a member of that individual's immediate family
3. or after being served with, or otherwise provided notice of, a protective order that prohibits contact with a specific individual, engages in a single act of conduct that both violates the provisions of the order

"Course of conduct" means two or more acts over a period of time, however short, which evidences a continuity of purpose. Such conduct includes:

1. Threatening the safety of the targeted person or an immediate family member
2. Following, approaching, or confronting that person or a member of that person's immediate family
3. Appearing in close proximity to or entering the person's residence, place of employment, school, or other place where the person can be found, or the residence, place of employment, or school of a member of that person's immediate family
4. Causing damage to the person's residence or property or that of a member of the person's immediate family
5. Placing an object on the person's property, either directly or through a third person, or that of an immediate family member
6. Causing injury to that person's pet or to a pet belonging to a member of that person's immediate family
7. Any act of communication as defined in RSA 644:4, II

"Immediate family" means father, mother, stepparent, child, stepchild, sibling, spouse, or grandparent of the targeted person, any person residing in the household of the targeted person, or any person involved in an intimate relationship with the targeted person.

EDUCATION AND PREVENTION PROGRAMS

Definitions:

Programs to prevent refers to comprehensive educational and training programs, intended to prevent violence, that incorporate diverse approaches that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and consider risk and protective factors as they occur on the individual, relationship, community, and societal levels.

Primary prevention refers to programming, initiatives, and strategies intended to stop domestic violence, dating violence, sexual assault, or stalking before it occurs, to prevent
initial perpetration or victimization through the promotion of positive and healthy behaviors and beliefs. Efforts to change behavior and social norms, and promote healthy relationships, healthy sexuality and egalitarian gender roles, or efforts to understand risk factors and protective factors for bystander inaction and change social norms around bystander inaction are all examples of primary prevention.

**Awareness programs** refers to programs, campaigns, or initiatives that increase audience knowledge of the issues of sexual assault, domestic violence, dating violence and stalking and share information and resources to prevent interpersonal violence, promote safety, and reduce perpetration.

**Bystander intervention** refers to safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene in situations of potential harm when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the individual. Effective bystander intervention training prepares participants to recognize situations of potential harm, overcome barriers to intervening, identify safe and effective intervention options, and take action.

**Risk reduction** refers to approaches that seek to mitigate risk factors that may increase the likelihood of perpetration, victimization, or bystander inaction. Risk reduction focuses on helping individuals and communities address the institutional structures or cultural conditions that facilitate SV, DV and stalking to increase safety.

**Ongoing awareness and prevention campaigns** refers to campaigns that are sustained over time focusing on increasing awareness or understanding of topics relevant to SA, DV and stalking prevention. These programs will occur at different levels throughout the institution (i.e. faculty, athletics, incoming students) and will utilize a range of strategies.

The College engages in educational programming to prevent domestic violence, dating violence, sexual assault and stalking. Educational programming consists of primary prevention and awareness programs for all incoming students and ongoing awareness and prevention campaigns for students, faculty and staff that:

a. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
b. Defines what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
c. Defines what behavior and actions constitute consent to sexual activity in the State of New Hampshire;
d. Provides safe and positive options for bystander intervention that may be carried out by an individual to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault, or stalking against a person other than the bystander;
e. Provides information on risk reduction so that students and employees may recognize warning signs of abusive behavior and how to avoid potential attacks.

The College has developed an ongoing awareness and prevention campaign consisting of speakers, skits, the Clothesline project, movie series, an annual poster series and web-based training programs.

2014 CSC Educational Programming: Clery/VAWA Compliance

 Programs and information are available through the Department of Campus Safety (James House), the Baird Health and Counseling Center (ex.3621), Department of Citizenship Education (Ware Student Center), Department of Residential Education (Ware Student Center) and the Student Activities office (Ware Student Center)

Programs promoting awareness and prevention of sexual assault include:

- Prior to coming to campus, all first year students are required to complete an online primary prevention training module entitled, "Creating a Safe Campus at CSC". The module covers federal and New Hampshire law and Colby-Sawyer College rights, policies, responsibilities and resources concerning sexual violence including sexual harassment, sexual assault and unwanted sexual contact, dating violence, domestic violence, and stalking.
- At New Student Orientation, incoming students participate in a primary prevention program focused on maintaining a respectful community, preventing sexual assault and promoting sexual respect and healthy relationships. All first-year students attend a performance by Wild Acts; the provocative program encourages participants to reflect on their roles as bystanders and the behaviors that may contribute to nonconsensual sex. Resource and contact information is provided during and after the program.
- The Rape Aggression Defense (RAD) is a primary prevention program that teaches women personal safety and basic self-defense skills capitalizing on women’s lower center of gravity and greater lower body strength. The program assists women in gaining confidence in their own abilities, as well as making them more aware of their surroundings.
- Bringing in the Bystander is a primary prevention program that focuses on building and maintaining the CSC community through empowering students to be alert to "red flags," and providing students the tools to help others by knowing resources and referring others to those resources.
- Spin the Bottle: Sex, Lies and Alcohol is a film that reframe misperceptions about alcohol use on campus and explains the differing effects of alcohol on women and men. In addition, participants examine the role of alcohol in sexual assault, the meaning of consent, and how incapacitation nullifies consent. Resources for additional support are shared with participants.

- Baird Health and Counseling offers
  - Individual medical and mental health counseling to victims of sexual assault as needed;
  - Referrals to professional care providers as needed;
Individual counseling on awareness and prevention of sexual assault as needed;
BHCC staff liaison to the Crisis Center of Central New Hampshire

All CSC employees are required to successfully complete an online Title IX/VAWA training program. The presentation provides an overview of what it means to be a “responsible employee”, and educates employees on how to respond to disclosures of sexual assault or gender-based harassment. It identifies prohibited forms of conduct, including sexual assault, gender-based harassment, dating or domestic violence, or stalking. Employees learn about resources and sources of support available to those affected by sexual misconduct and gender-based harassment. The College continues to explore avenues for infusing faculty and staff training with essential information about active bystander intervention and policies and procedures.
The College offered the following ongoing awareness and prevention programs for students in 2014:

DoV means Domestic Violence, DaV means Dating Violence, SA means Sexual Assault and S means Stalking
PROCEDURES FOR REPORTING A COMPLAINT

The College has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of medical, counseling and support services, and additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. Students and employees should contact Doug Atkins, Room 105B, Colgate Hall, 603-526-3880, datkins@colby-sawyer.edu.

After an incident of sexual assault and domestic violence, the victim should consider seeking medical attention as soon as possible at New London Hospital. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence as may be necessary to the proof of criminal activity may be preserved. In New Hampshire, evidence may be collected even if you chose not to make a report to law enforcement. It is important to seek immediate and follow-up medical attention for several reasons:

a. To assess and treat any physical injuries you may have sustained
b. To determine the risk of sexually transmitted diseases or pregnancy and take preventive measures
c. To gather evidence that could aid criminal prosecution. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished.

The exam can be conducted without the involvement of law enforcement personnel. Even if you have not been physically hurt, this forensic exam is strongly recommended to maintain all your legal options. After the evidence is collected, it can be stored in case you wish to press criminal charges. The exam is performed by an emergency department physician or gynecologist. A nurse is present throughout the procedure, and a support person of your choice can also be present. Students can receive the exam for free by going to New London Hospital or any other Hospital of their choosing. These locations follow the national standards for victim care, rape exams, and evidence collection procedures. Note: Ordinarily the police will be contacted by Hospital personnel whenever they provide treatment for injuries resulting from a crime. If you seek treatment at a local hospital and the police are contacted, this does not mean that you have to proceed with criminal charges. In addition, it is recommended that a survivor use a hospital in the county/state where the incident occurred.

 Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College hearing boards/investigators or police. Although the College strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline.
involvement with the police. The Department of Campus Safety (603) 526-3675 will assist any victim with notifying local police if they so desire. New London Police Department may also be reached directly by calling 603-526-2626 (non-emergency), in person at 25 Seamans Rd., New London, NH. Additional information about the New London Police Department may be found online at: http://newlondonpd.us

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator: Doug Atkins, Colgate Hall, Room 105, telephone (603) 526-3880, email datkins@colby-sawyer.edu and Campus Safety (if the victim so desires.) The College will provide resources to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Safety or the New London Police to preserve evidence in the event that the victim changes her/his mind at a later date.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the following are the procedures that Colby-Sawyer College will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

SEXUAL ASSAULT

Evidentiary Standard: Sexual assault cases are referred to the Title IX Coordinator, who oversees the resolution process using the preponderance of the evidence standard.

Procedure CSC will follow for reported Sexual Assaults:
1. Depending on when reported (immediate vs delayed report), institution will provide complainant with access to medical care;
2. Colby-Sawyer College will assess immediate safety needs of complainant;
3. Colby-Sawyer College will assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department;
4. Colby-Sawyer College will provide complainant with referrals to on and off campus mental health providers;
5. Colby-Sawyer College will assess need to implement interim or long-term protective measures, such as housing changes, change in class schedule, “No Contact” directive between both parties;
6. Colby-Sawyer College will provide a “No Trespass” directive to accused party if deemed appropriate;
7. Colby-Sawyer College will provide written instructions on how to apply for a Protective Order;
8. Colby-Sawyer College will provide a copy of the Sexual Misconduct Policy to complainant and inform the complainant regarding timeframes for inquiry, investigation and resolution;
9. Colby-Sawyer College will inform the complainant of the outcome of the investigation, whether or not the accused will be administratively charged and what the outcome of the hearing is;
10. Colby-Sawyer College will enforce the anti-retaliation policy and take immediate and separate action against parties that retaliate against a person for complaining of sex-based discrimination or for assisting in the investigation

STALKING

Evidentiary Standard: Stalking cases are referred to Citizenship Education and adjudicated using the preponderance of the evidence standard. If the stalking is sexually based, it may fall under the institution’s Sexual Misconduct Policy and if so, would be referred to the Title IX Coordinator who oversees the resolution process using the preponderance of the evidence standard.

Procedure CSC will follow for reported incidents of Stalking:

1. Colby-Sawyer College will assess immediate safety needs of complainant
2. Colby-Sawyer College will assist complainant with contacting local police if complainant requests AND complainant will be provided with contact information for local police department
3. Colby-Sawyer College will provide written instructions on how to apply for a Protective Order
4. Colby-Sawyer College will provide written information to complainant on how to preserve evidence
5. Colby-Sawyer College will assess need to implement interim or long-term protective measures to protect the complainant, if appropriate
6. Colby-Sawyer College will provide a “No Trespass” directive to accused party if deemed appropriate

DATING VIOLENCE

Evidentiary Standard: Dating Violence cases are referred to Citizenship Education and adjudicated using the preponderance of evidence standard. If the dating violence incident is sexually based, it may fall under the institution’s Sexual Misconduct Policy and if so, would be referred to the Title IX Coordinator who oversees the resolution process using the preponderance of the evidence standard.
Procedure CSC will follow for incidents of reported Dating Violence:

1. Colby-Sawyer College will assess immediate safety needs of complainant
2. Colby-Sawyer College will assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department
3. Colby-Sawyer College will provide written instructions on how to apply for a Protective Order
4. Colby-Sawyer College will provide written information to complainant on how to preserve evidence
5. Colby-Sawyer College will assess need to implement interim or long-term protective measures to protect the complainant, if appropriate
6. Colby-Sawyer College will provide a “No Trespass” directive to accused party if deemed appropriate

DOMESTIC VIOLENCE

Evidentiary Standard: Domestic Violence cases are referred to Citizenship Education and adjudicated using the preponderance of evidence evidentiary standard. If the act of domestic violence is sexually based, it may fall under the institution’s Sexual Misconduct Policy, and if so, would be referred to the Title IX Coordinator who oversees the resolution process using the preponderance of the evidence standard.

Procedure CSC will follow for incidents of reported Domestic Violence:

1. Colby-Sawyer College will assess immediate safety needs of complainant
2. Colby-Sawyer College will assist complainant with contacting local police if complainant requests AND complainant provided with contact information for local police department
3. Colby-Sawyer College will provide written instructions on how to apply for a Protective Order
4. Colby-Sawyer College will provide written information to complainant on how to preserve evidence
5. Colby-Sawyer College will assess need to implement interim or long-term protective measures to protect the complainant, if appropriate
6. Colby-Sawyer College will provide a “No Trespass” directive to accused party if deemed appropriate
ASSISTANCE FOR VICTIMS: RIGHTS AND OPTIONS

Regardless of whether a victim elects to pursue a criminal complaint, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights. In New Hampshire, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

Victims of felonious crimes committed by an adult offender are entitled to the following rights under RSA 21-M:8-k.

1. The right to be treated with fairness and respect for their dignity and privacy throughout the criminal justice process.
2. The right to be informed about the criminal justice process and how it progresses.
3. The right to be free from intimidation and to be reasonably protected from the accused throughout the criminal justice process.
4. The right to be notified of all court proceedings.
5. The right to attend trial and all other court proceedings the accused has the right to attend.
6. The right to confer with the prosecution and to be consulted about the disposition of the case, including plea bargaining.
7. The right to have inconveniences associated with participation in the criminal justice process minimized.
8. The right to be notified if presence in court is not required.
9. The right to be informed about available resources, financial assistance, and social services.
10. The right to restitution, for their losses, as granted under RSA 651:62-67 or any other applicable state law, or victim's compensation, under RSA 21-M:8-h or any other applicable state law.
11. The right to be provided a secure, but not necessarily separate, waiting area during court proceedings.
12. The right to be advised of case progress and final disposition.
13. The right of confidentiality of the victim's address, place of employment, and other personal information.
14. The right to the prompt return of property when no longer needed as evidence.
15. The right to have input in the probation pre-sentence report impact statement.
16. The right to appear and make a written or oral victim impact statement at the sentencing of the defendant. No victim shall be subject to questioning by counsel when giving an impact statement. **
17. The right to be notified of an appeal, an explanation of the appeal process, the time, place and result of the appeal, and the right to attend the appeal hearing.
18. The right to be notified and to attend sentence review hearings and sentence reduction hearings.
19. The right to be notified of any change of status such as prison release, permanent interstate transfer, or escape, and the date of the parole board hearing, when requested by the victim through the victim advocate.
20. The right to address or submit a written statement for consideration by the parole board on the defendant's release and to be notified of the decision of the board, when requested by the victim through the victim advocate.

21. The right to all federal and state constitutional rights guaranteed to all victims of crime on an equal basis, and notwithstanding the provisions of any laws on capital punishment, the right not to be discriminated against or have their rights as a victim denied, diminished, expanded, or enhanced on the basis of the victim's support for, opposition to, or neutrality on the death penalty.

22. The right to access to restorative justice programs, including victim-initiated victim-offender dialogue programs offered through the department of corrections.

**In any case where the victim informs the court that he or she requires assistance in making an oral or written impact statement permitted under this section, the court shall allow the victim to designate a representative to write or speak on the victim's behalf.

The victim's impact statement shall not be limited to the injuries, harm, or damages noted in the information or indictment, but may include all injuries, harm, and damages suffered as a result of the commission or attempted commission of the crime whether or not the injuries, harm, or damages were fully determined or discovered at the time the information or indictment was filed.

**PROTECTIVE ORDERS**

Colby-Sawyer College complies with New Hampshire and Federal Law in recognizing protection orders by: any person who obtains a valid protection order issued from any jurisdiction in the United States should provide a copy to Campus Safety, New London Police and the Title IX Coordinator. A complainant may then meet with Campus Safety to develop a Safety Action Plan, which is a plan for Campus Safety and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to: safety escorts, special parking arrangements, changing classroom/housing location or allowing a student to complete assignments from home, etc.)

Individuals who are feeling unsafe or in danger because of recent abuse, and would like to ask a judge for a restraining order against their current or former partner, have the following options:

**Emergency Protective Orders (after hours)**

- If it is outside of normal business hours and someone doesn’t feel safe waiting until the Family Court is open, she or he may go to their local police department to file a petition for an Emergency Protective Order.
- At the police station, the police will give them several forms to fill out including an "affidavit" in which they will be asked to write down exactly what happened and why they are requesting the order.
- The police will then call or fax the forms to a judge who will decide whether or not to grant the order.
• If the order is granted, it is usually only good until the next business day, so the complainant will have to go to the Family Court on the next business day to request a Temporary Protective Order. For New London, this is the 5th Circuit, Family Division, 55 Main Street, Newport, New Hampshire.

• Once the order is granted, the police will "serve" the order to the defendant. The order is not in effect until it is served. The complainant may call the police department to find out whether or not the order has been served, and they will be asked for information to aid the police in finding the defendant.

• In general, it is a good idea for the complainant to carry a copy of the order with them at all times. They may also want to keep copies in their car, on campus with Campus Safety, at work, with their boss, at their child's school, etc.

• If the defendant violates the order in any way, they have committed a crime. If it is an emergency, call 911. Otherwise call the police in the town where the violation occurred to make a report and to get help enforcing the order. The complainant may also want to keep a written log of violations.

Temporary Protective Order (regular business hours)
• If the complainant was granted an Emergency Protective Order, or the Family Court in their area is currently open, they should go directly to the Family Court to request an order.

• At the court house, the court clerk at the window will give them several forms to fill out. Usually the clerk will also contact a local domestic violence advocate to assist them.

• Once the complainant has completed the forms, the court clerk will give them to a judge. They may have to wait for a while because sometimes the judge is in a hearing or at another court house, and may want to ask them additional questions before deciding to grant or deny the order.

• If the complainant is granted a Temporary Protective Order, a hearing will be scheduled to determine whether or not to grant a "Permanent Protective Order" which could last up to one year.

• If the judge grants the temporary order, the court clerk will fax the order to the police department to serve to the defendant. The order is NOT in effect until it has been served.

• In general, it is a good idea for the complainant to carry a copy of the order with them at all times. You may also want to keep copies in your car, on campus with Campus Safety, at your work, with your boss, at your child's school, etc.

• Remember, if the defendant violates the order in any way, they have committed a crime. If it is an emergency, call 911. Otherwise call the police in the town where the violation occurred to make a report and to get help enforcing the order. They may also want to keep a written log of violations.

Permanent Protective Order
• A Permanent Protective Order may be issued by a judge following a hearing at which both parties are present.

• At the hearing, (sometimes called the "final hearing"), the judge will ask each person to tell his or her "side of the story."
• If the judge decides to grant a Permanent Protective Order, the hearing is often the time when long-term arrangements are made such as scheduling a time for a person to get his/her belongings or arranging for visitation of children.
• The complainant isn’t required to have a lawyer represent them at the hearing, but s/he is allowed to have one. Many people find themselves anxious and emotional at their final hearing. This can make it difficult to organize their evidence and think clearly, so a lawyer may be helpful.
• If a Permanent Protective Order is issued, it is a good idea for the complainant to carry a copy of the order with them at all times. They may also want to keep copies in their car, on campus with Campus Safety, at work, with their boss, at their child’s school, etc.
• Remember, if the defendant violates the order in any way, they have committed a crime. If it is an emergency, they should call 911. Otherwise call the police in the town where the violation occurred to make a report and to get help enforcing the order. They may also want to keep a written log of violations.

In all cases we recommend you contact Crisis Center of Central New Hampshire (1-866-841-6229) to provide advocacy and support during this process.

To the extent of the victim’s cooperation and consent, College offices, including the Baird Health and Counseling Center, Department of Campus Safety, Citizenship Education, Academic Dean’s Office, Human Resources and Residential Education will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal College investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services and assistance in notifying appropriate local law enforcement. Students, faculty or staff seeking such assistance should speak with the Title IX Coordinator, Doug Atkins, Room 105B, Colgate Hall, 603-526-3880. Students may also contact Deputy Title IX Coordinators Robin Davis, Ware Student Center, 603-526-3752 or Deb Taylor, Colgate Hall, 603-526-3760, who will coordinate such requests on the behalf of the student. The College will maintain contact with the parties to ensure that all safety and emotional and physical well-being concerns are being addressed.

Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant. The College does not publish the name of crime victims nor house identifiable information regarding victims in the Department of Campus Safety Daily Crime Log. Victims may request that directory information on file be removed from public sources by contacting Doug Atkins, Room 105B, Colgate Hall, 603-526-3880.
RESOURCES FOR VICTIMS OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING

On-Campus
Colby-Sawyer College Department of Campus Safety (603) 526-3300
Available 24 hours a day. Conducts investigations, enacts campus non-contact orders, provide safety escorts and assist in contacting New London Police Department.

Student Development Office (603) 526-3758
Available during regular office hours and can assist with academic concerns, changes in housing or other accommodations and referrals to other resources.

Baird Health and Counseling Center (603) 526-3621
Available during regular office hours can provide medical assistance and counseling services. Counselors are available after regular business hours by contacting Campus Safety.

Associate Dean of Students and Director of Citizenship Education
Robin Burroughs Davis (603) 526-3752
Is available during regular office hours for students interested in receiving information on filing a complaint through the college.

Area Coordinator (AC)
ACs are professionals living in the residence halls who are employed by Residential Education and trained to refer students to campus resources.

Employee Assistance Program (EAP) (888) 209-7840
24/7 telephone consultation and referral services for all CSC faculty and staff

Off Campus
The following are resources for any individual who needs support and or advocacy unconnected to Colby-Sawyer College:

- Women’s Information Services (WISE). 603-448-5525 or toll-free 866-348-9473 (WISE). This is a 24-hour service. WISE offers crisis assistance in domestic and sexual violence support groups, information and referrals.

- Crisis Center of Central New Hampshire (CCCNH) 1-866-841-6229 Provides confidential 24-hour service via sexual assault crisis line. Provides crisis counseling, court advocacy, and support groups for victims/survivors of sexual violence, domestic violence or stalking.
**Online State and National Resources**

PROCEDURES FOR ADDRESSING COMPLAINTS

Colby-Sawyer College procedures for addressing sexual misconduct complaints against students under the student conduct process

The college has established a Sexual Misconduct Policy that articulates the college's behavioral standards, definitions and key terms. The policy also outlines the college's procedures for addressing reports of sexual misconduct. Below are the procedures for resolving a sexual misconduct complaint against a student through the Colby-Sawyer College Student Conduct System (referred to as the Conduct System).

Preliminary Matters

a. **Timing of Complaints:** As long as the respondent is a student at the College as defined in the Conduct System (See “Jurisdiction” section of the Conduct System), there is no time limit on filing a complaint to engage the student conduct process. However, students are strongly encouraged to report sexual misconduct in a timely manner to maximize the College's ability to obtain evidence and to conduct a thorough, impartial and reliable investigation. Where the respondent is a second semester senior, the College may withhold that student's Colby-Sawyer College degree pending conclusion of the student conduct proceedings.

b. **Jurisdiction:** See “Jurisdiction” section of the Conduct System. [http://www.colby-sawyer.edu/citizenship/conduct-system/purpose.html](http://www.colby-sawyer.edu/citizenship/conduct-system/purpose.html)

c. **Effect of Criminal Proceedings:** The filing and processing of a complaint of sexual misconduct with the College is independent of any criminal investigation or proceeding. The College will not wait for the conclusion of any criminal investigation or proceedings to begin its own investigation and proceedings outlined herein. Neither law enforcement's determination whether or not to prosecute a respondent, nor the outcome of any criminal prosecution, will dictate whether or not sexual misconduct under the college policy occurred.

d. **Effect of Pending Complaint on Respondent:** If the respondent is a current student, no notation will be placed on the respondent's transcript of a complaint or pending disciplinary action during the conduct proceedings. If the respondent withdraws from the College while a sexual misconduct complaint is pending, the respondent's transcript will reflect a withdrawal and a notation of pending disciplinary action will be placed in the student’s conduct file and academic transcript.

e. **Amnesty:** An individual who files a sexual misconduct complaint or serves as a third party witness during the conduct proceedings will not be subject to disciplinary action by the College for his or her own personal consumption of alcohol or drugs at or near the time of the alleged sexual misconduct, provided that such violations did not and do not place the health or safety of any other person at risk. The College may initiate educational discussion or pursue other educational remedies regarding alcohol or other drugs.
f. **Hearing Support Person:** Complainant and respondent both have the right to be assisted by a hearing support person of their choosing during the student conduct process; the support person must be available at the time of the scheduled hearing. A hearing support person serves as a support person to the student through the pre-hearing, investigative, and resolution process and may accompany the student to any meeting with a college employee and to the hearing. The hearing support person is not an advocate for the student and may not direct questions to or otherwise address the investigator or Sexual Misconduct Administrative Hearing Board (referred to as the Hearing Board) but may consult with the student that he or she is assisting. Disruptive behavior by the hearing support person will result in removal from the hearing or the investigative process. Please note that due to the nature of the allegation, the hearing support person from within the community may NOT be another student.

The complainant will be encouraged to choose a hearing support person at the time the complaint is filed and the respondent will be encouraged to choose a hearing support person at the time he/she/they are notified of the complaint.

*Note: Colby-Sawyer College’s attorney may be present to provide legal counsel to the investigator, the Title IX coordinator and to the Hearing Board members to include the Hearing Advisor or Administrator.*

g. **Agreements Not Recognized by the College:** Other than a court order, the College will not recognize agreements between the complainant and respondent in which the College did not participate.

h. **Time Frames:** The college will complete the process, excluding appeals, within 60 days. However, there may be circumstances beyond the College’s control (i.e. summer months and/or break periods) that may alter or extend time frames. Should that be the case, parties will be notified as appropriate.

i. **Communications:** All communications and notices concerning an allegation of sexual misconduct that are made to the complainant, respondent or a third party may be made electronically, in hard copy, or in person.

**Initiating a Complaint**

a. **Type:**
   1. **Individual:** A person, who has experienced an incident of sexual misconduct, as defined in the Sexual Misconduct Policy, may file a complaint against the Colby-Sawyer College student responsible for that conduct. “Person” may include any member of Colby-Sawyer College, including students, faculty, administrators, and staff members, or visitors. A person wishing to file a complaint must contact Campus Safety either in person or via email: cssafety@colby-sawyer.edu
   2. **Administrative:** In exceptional cases, such as cases threatening community safety, the College may initiate a complaint through the Associate Dean of
Students and Director of Citizenship Education against a student of the College. As set forth in the Sexual Misconduct Policy, reports of sexual misconduct undergo a Title IX Review to determine the appropriate response.

Filing Requirements
The person bringing the allegation is called the complainant. The complainant will submit a complaint (paper or electronic format) to Campus Safety. The statement of complaint should contain sufficient information to permit the respondent to understand the charges being brought and to be able to adequately respond. The statement may not reflect every detail related to the allegations in the complaint as additional information may be discovered during the investigation. The Director of Campus Safety will notify the Title IX Coordinator of all complaints filed.

Interim Measures
Upon the filing of a complaint, the Title IX coordinator will review the allegations as well as any possible interim measures that may be appropriate to help prevent further acts of harassment, misconduct, or retaliation and to provide a safe educational and work environment. Retaliation includes but is not limited to intimidation, verbal or physical threats, harassment, coercion, or other adverse action. When evidence of retaliatory behavior exists, appropriate disciplinary action will be taken. The range of interim measures may include, but not be limited to:

1. No Contact Order
2. Academic, Employment or Residence Modifications
3. Emotional Support
4. Interim Suspension

For more information about interim measures visit: http://www.colby-sawyer.edu/conduct/sexual-misconduct/interim-measures.html

Information for Complainant
After receipt of the complaint, the Title IX coordinator will notify the complainant of the option to have a hearing support person (see “Hearing Support Person” section). The Title IX coordinator will also provide complainant information regarding the rights and responsibilities of the complainant and respondent, explain the prohibition against retaliation, explain the resolution process including investigation, investigators report, and Sexual Misconduct Administrative Hearing Board process, instruct the complainant not to destroy any potentially relevant documentation in any format, and give the complainant a copy of the relevant policies. Once the investigation into the matter is complete, the Title IX coordinator will provide the respondent and the complainant the materials collected as part of the investigation for a final review.

Withdrawal of Complaint
Prior to the conclusion of the investigation, the complainant may withdraw the sexual misconduct complaint by contacting the Title IX coordinator. Withdrawal of the complaint will, in most circumstances, end the conduct process. The college reserves the
right to move forward with the complaint, even after the complainant withdraws it, in order to protect the interests and safety of the college community.

Information for the Respondent
The respondent will be notified by the Title IX coordinator that a complaint alleging sexual misconduct has been filed against him/her/them. Once the investigation into the matter is complete, the Title IX coordinator will provide the respondent and the complainant the materials collected as part of the investigation for a final review.

Within 5 days of receiving notice of the complaint, the Title IX coordinator will contact the respondent. The Title IX coordinator will discuss the nature of the complaint, provide the option to select a hearing support person, explain the rights and responsibilities of the complainant and respondent, explain the prohibition against retaliation, explain the resolution process including investigation, summary report, and Sexual Misconduct Administrative Hearing Board process, instruct the respondent not to destroy any potentially relevant documentation in any format, and give the respondent a copy of the relevant policies. If respondent fails to meet and cooperate with the Title IX coordinator, investigator, hearing advisor or attend the hearing the adjudication of the complaint will proceed without input from the respondent.

Acceptance of Responsibility:
At any point in the investigatory process or the Title IX review process, the respondent may accept responsibility for the conduct alleged in the complaint. In such cases, the process will immediately move to the Sexual Misconduct Administrative Hearing Board for a decision regarding sanctioning.

Investigation Phase
a. Investigator: The Title IX coordinator will designate an investigator of his/her choosing to conduct a thorough, impartial and fair investigation. The investigator chosen will have specific training and experience investigating allegations of sexual misconduct. The investigator may, with the approval of the Title IX coordinator, request assistance from another trained investigator.

b. Investigation Process: The investigator will coordinate the gathering of information from the complainant, respondent, and other individuals or entities with relevant information regarding the complaint using any of the following processes.

1. Document/Records Review: In addition to reviewing any documents submitted by the complainant and respondent, the investigator will try to obtain such other physical or medical evidence relevant to the investigation as the investigator determines, in his or her judgment, to be necessary, including but not limited to documents, police records, electronic or other record of communications between the parties or witnesses, records or other relevant information. In obtaining such evidence, the Investigator will comply with applicable state and federal laws and Colby-Sawyer College
policies.

2. **Site Visits:** The Investigator may visit relevant sites or locations and record observations through written or photographic documentation.

3. **Complainant and Respondent Interviews:** The investigator will interview the complainant and the respondent separately and may interview one or both more than once as necessary. The complainant and respondent may be accompanied by their respective hearing support persons.

4. **Witness Interviews:** The investigator will make a good faith effort to contact and interview any witnesses identified by the parties or in the documentation, including those no longer at the college. The investigator may also interview any other individual he or she finds to be potentially relevant to the allegations of the complaint. The investigator will inform each witness or other individual interviewed that they are prohibited from retaliating against the complainant and respondent or other witnesses.

Colby-Sawyer College prohibits any retaliatory acts, or attempts to retaliate, against anyone who has reported in good faith any act of sexual misconduct, who has participated (or is expected to participate) in any manner in an investigation or hearing pursuant to this policy, or who otherwise supports the investigative report or other forms of documentation or evidence of the case.

5. **Experts:** The investigator may contact any expert the investigator determines is necessary to ascertain the facts related to the complaint. An expert witness may be contacted for an informal consult or for a professional opinion regarding information learned from the investigation.

If the complainant does not participate in the investigation after the complaint is filed, the college may still move forward. The college reserves the right to move forward with the complaint, even after the complainant withdraws it, in order to protect the interests and safety of the college community.

c. **Investigator’s Report**

1. **Contents:** The investigator will prepare an investigator’s report summarizing and analyzing the relevant facts determined through the investigation, referencing any supporting documentation or statements. The investigator’s report may include summaries of interviews with the complainant, respondent, third-party witnesses, experts, and any other individuals with relevant information, photographs of relevant sites or physical evidence, electronic records and forensic evidence. The investigator will forward the completed report to the Title IX coordinator.
2. **Distribution to Parties:** Once the Title IX coordinator has reviewed the report, he or she will provide a copy of the report to the complainant and the respondent.

3. **Response:** Once the report is distributed to the parties, each party will have three days to respond in writing to the investigator with any additional information or additional witnesses. The investigator will notify the Title IX coordinator of the additional information.

4. **Closure:** Once the response period is over, the investigation will be considered closed and no new information will be gathered.

**Title IX Review Continued**

The Title IX coordinator, in consultation with a deputy coordinator or other appropriate college official(s), will conduct an administrative review of the investigator’s report. The purpose of the administrative review is to determine whether the investigation is prompt, fair, impartial and thorough. If the Title IX coordinator determines the investigation is deficient, the Title IX coordinator shall send the matter back to the investigator for further investigation. In the event of bias on the part of the Investigator, the Title IX coordinator will appoint a new investigator.

If the Title IX coordinator determines that the investigation is prompt, fair, impartial and thorough, the Title IX coordinator will then consider whether the information contained in the report substantiates an allegation of (charge of) a violation of Colby-Sawyer College’s Sexual Misconduct Policy.

*Note: A finding that there is enough information to substantiate a charge of violation of college policy does not automatically mean the student is responsible for the alleged violation; merely, it means that there is enough information to proceed with a formal hearing process.*

**Resolution**

a. **Voluntary Resolution:** A complainant and a respondent may choose to resolve a complaint through voluntary resolution. Voluntary resolution may include mediation. However, voluntary resolution may only be used:

1. prior to the commencement of a hearing;
2. when the complainant and respondent agree to use the process with approval from the Title IX coordinator or deputy coordinator;
3. when the complaint does not involve sexual assault, stalking, dating, and domestic violence

Because the outcomes of voluntary resolution conversations are mutually developed and agreed upon by parties involved, an appeal of the process and its result is not permitted. If the parties are unable to agree on a voluntary resolution, the matter will be referred by the Title IX coordinator or deputy coordinator to be investigated and, if the investigation finds that enough information is present to substantiate a charge of violation, a Sexual Misconduct Administrative Hearing Board.
b. **Sexual Misconduct Hearing Process:** The Sexual Misconduct Administrative Hearing Board will review the information and make a determination of responsibility or no responsibility based on a preponderance of the evidence standard. Should the Sexual Misconduct Administrative Hearing Board determine the respondent is responsible for the alleged violation, it will then determine an appropriate sanction.

1. **Composition of Sexual Misconduct Administrative Hearing Board:**
   The Sexual Misconduct Administrative Hearing Board shall consist of no less than three members, and it shall be drawn from a pool of faculty and staff who are annually trained in the area of sexual harassment, sexual violence, and dating and domestic violence. Go to: [http://www.colby-sawyer.edu/citizenship/conduct-system/hearings.html](http://www.colby-sawyer.edu/citizenship/conduct-system/hearings.html) for more information about the Sexual Misconduct Administrative Hearing Board and process.

2. **Factors to be Considered When Determining a Sanction:**
   In determining an appropriate sanction, the Sexual Misconduct Administrative Hearing Board will take into account the following considerations: the seriousness of the violation; sanctions typically imposed for similar violations; prior disciplinary history; and any other circumstances indicating that the sanction should be more or less severe.

   Sanctions may include but are not limited to one or more of the following: dismissal; suspension; housing contract revocation; housing contract probation; housing restriction or relocation; educational/counseling requirement; no-contact order; and/or restriction from specific college programs or activities.

3. **Appeal Process:** The appeals process for Sexual Misconduct cases is the same process for general conduct cases and is explained fully in the “Appeals” section of the Conduct System, go to [http://www.colby-sawyer.edu/citizenship/conduct-system/appeals.html](http://www.colby-sawyer.edu/citizenship/conduct-system/appeals.html) for more information.

4. **Records Maintained:** If a student has been found responsible for violating the Sexual Misconduct Policy, such records shall be used in reviewing any further conduct issues, or developing sanctions, and shall remain a part of a student’s conduct record.

   Records of suspension and dismissal as well as withdrawal pending disciplinary action are permanently maintained in the Office of Citizenship Education and noted on the academic transcript. Records of conduct action resulting in probation or revocation of housing are maintained for seven years.
SANCTIONS AND PROTECTIVE MEASURES

College Sanctions: In all cases, investigations that result in a finding of more likely than not that a violation of the policy occurred will lead to the initiation of disciplinary procedures against the accused individual. College sanctions may be issued individually or in combination with other sanctions up to dismissal from the College.

Sanctions may include, but are not limited to:

Admonition: Official written notice that conduct is inappropriate, future compliance with the Code of Community Responsibility expected, and a disciplinary file created. A minimum penalty.

Restitution: Reimbursement for (1) damage to, destruction of, or misappropriation of, college property or any property of any member of the college community, and/or (2) any personal injuries inflicted. The student may also be required to provide service appropriate to the offense (e.g. cleaning/repairing a vandalized area).

Educational Program/Service Project: The student is required to complete a project specifically relevant to the student's infraction. In addition, the student may be required to provide an educational service/project to other students of the Colby-Sawyer College community. The program or project assigned will be designed to increase the student's and or the community's understanding of the policy that was violated.

Fines: A sum of money, independent of restitution, assessed against an individual. Fines are to be paid in cash or by Smart Card or check made out to Colby-Sawyer College. Fines may be paid at the Office of Citizenship Education or Business Office. Students have the option of completing an equitable number of community service hours in lieu of paying a fine.

Disciplinary Probation: A designated period during which additional behavior in violation of college regulations will constitute grounds for further disciplinary action. The hearing officer or body will determine the length of the sanction and determine if there are particular conditions and/or restrictions attached to the status. Further violations of the Code of Community Responsibility could result in housing probation or revocation.

Behavioral Agreement/Contract: A statement of agreement between the student and a hearing body or college official (1) acknowledging the infraction(s) of the Code of Community Responsibility, (2) identifying a behavior/action plan, and (3) agreeing to the specified consequence(s) of failure to adhere to the behavior/action plan.

Loss of Privileges: The removal of certain student privileges, including but not limited to the following: visitation privileges to residence halls or other college buildings, the privilege of living in a residence hall (see Housing Contract Probation and Housing Revocation below), the privilege to have stereos or other sound equipment, and restriction of participation in extra-curricular activities.
Housing Contract Probation: A designated period during which additional behavior in violation of college regulations will constitute grounds for more serious disciplinary action including but not limited to, revocation of college housing and/or suspension or dismissal from the College. The hearing officer or body will determine the length of the sanction and determine if there are particular conditions and/or restrictions attached to the status. Other sanctions may be imposed for reinstatement in good standing. During this probationary period a student may be ineligible for certain college awards or honors or be ineligible to study abroad through Colby-Sawyer College affiliated programs.

Housing Contract Revocation: A designated period during which a student is prohibited from living in college owned or leased housing. The hearing officer or body will determine the length of the sanction and determine if there are particular conditions and/or restrictions attached to the status. Other sanctions may be imposed for reinstatement in good standing. During this time a student may also be ineligible for certain college awards or honors. Students who are removed from campus housing are not guaranteed an opportunity to return to campus housing.

Probationary Suspension: Suspension for a specified period of time with the understanding that the suspension is stayed pending uninterrupted good behavior or the completion of an assigned educational opportunity by a specified date. Any violation of specified policies, regardless of seriousness, which occurs during the probationary period, may result in immediate activation of the suspension.

Suspension: Separation from the College for a specified period of time after which the student may apply for re-admission to the College. A suspended student is subject to arrest for trespass and is not welcome on college grounds without the prior written authorization by the director of campus safety or designee. In order to be eligible for readmission, the student must present a written account of activity, progress, and behavior during the period of suspension to the vice president for student development and dean of students. The vice president for student development and dean of students will make the final determination, and may request additional information on which to base a decision.

Dismissal: Required permanent separation from the College with no opportunity to apply for re-admission. A dismissed student is subject to arrest for trespass and is not welcome on college grounds without the prior written authorization of the director of campus safety - a maximum penalty.

COLLEGE EMPLOYEE PROCESS

Policy Statement
Colby-Sawyer College will provide, insofar as possible, an environment that is safe, secure, and free from threats, intimidation, and violence. To promote an atmosphere that encourages learning and productive employment, quick responsive action will be taken if violence or threat of violence arises.
A College employee alleging sexual assault, domestic violence, dating violence, or stalking may utilize the complaint and investigatory procedures set forth on the myHR webpage in order to remedy any hostile environment. Complaints may be directed as follows:

For Staff Employees: Title IX Coordinator Douglas Atkins, Vice President for Human Resources and Assistant Treasurer. Phone: 603-526-3880

For Faculty: Deputy Title IX Coordinator Deborah Taylor, Vice President and Dean of Faculty. Phone: 603-526-3760

When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the College's ability to respond to the complaint may be limited.

College Protective Measures: The College may implement protective measures following the report of domestic violence, dating violence, sexual assault and/or stalking which may include the issuance of a College No Contact Order. For students, sexual assault, domestic violence, dating violence, and stalking are violations of the Code of Community Responsibility. Employees who violate this policy will be subject to discipline, up to and including termination of employment. Sexual assault, domestic violence, dating violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: an order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator’s directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Colby-Sawyer College.

CONFIDENTIALITY

The College will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law.

CONFIDENTIAL REPORTING

If you are the victim of a Sexual Assault and do not want to pursue action within the College System or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Director of Campus Safety or a designee of the Department of Campus Safety can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with
your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution. Confidential report forms can be found on the College’s website at http://www.colby-sawyer.edu/assets/pdf/clery-statform.pdf.

Concurrently, as a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

SEXUAL OFFENDER INFORMATION

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student.

In State of New Hampshire pursuant to TITLE LXII of the New Hampshire Criminal Code chapter 651-B convicted sexual offenders are required to report their current mailing address, place of residence or temporary domicile, and place of employment or schooling to the local law enforcement agency within 30 days after the person's release from custody following conviction, or within 30 days after the person's date of establishment of residence in New Hampshire if convicted elsewhere. The reporting continues annually within 30 days after each anniversary of the person's date of birth, and additionally within 30 days after any change of address or place of residence.

Any nonresident sexual offender or offender against children who enters New Hampshire for the purpose of employment, with or without compensation, or to attend any public or private educational institution for a period exceeding 14 consecutive days or for an aggregate period of time exceeding 30 days during any calendar year is required to report to the local law enforcement agency having jurisdiction over the place of employment or school within 10 days of the nonresident offender entering the state for employment or schooling, and additionally within 10 days after any change of place of employment or schooling. In the event a nonresident offender is required to register but does not have a principal place of employment, the offender must register with the department in Concord. Upon the nonresident offender's initial registration, the local law enforcement agency or the department notifies the offender of the offender's duty to
The offender reports the address of her/his place of employment or schooling while in the state, the address where s/he resides out of state, and other information required by department rules adopted in accordance with RSA 651-B: 8. The reporting continues annually within 30 days after each anniversary of the person's date of birth, and additionally within 10 days after any change of address or place of employment or schooling. The offenders address status is monitored through the mailing of a non-forwardable verification form to the offender’s last reported address every 90 days.

Colby-Sawyer College falls under the jurisdiction of the New London Police Department who is responsible for maintaining a current list of Sexual Offenders, required to register in the town of New London.

Any interested party may view the list at:

New London Police Department
375 Main Street
New London, New Hampshire 03257 (603) 526-2626

CHILD SEXUAL ABUSE REPORTING

Under New Hampshire law, (RSA 169-C:29), every person, including all Colby-Sawyer College students and employees, who have reason to believe that a child has been abused or neglected, including having reason to believe that a child has been sexually abused, is required to report the abuse or neglect to:

New Hampshire Department of Health and Human Services
Bureau of Child Protection http://www.dhhs.nh.gov/dcyf/cps/
603-271-6556 | 800-894-5533 (in-state only)

Please call the New London Police Department: 603-526-2626 and CSC Campus Safety at 526-3675 after you have made that report.

Under New Hampshire law, “sexual abuse” means the following activities under circumstances which indicate that the child's health or welfare is harmed or threatened with harm:

- the employment, use, persuasion, inducement, enticement, or coercion of any child to engage in, or having a child assist any other person to engage in, any sexually explicit conduct or any simulation of such conduct for the purpose of producing any visual depiction of such conduct; or
- the rape, molestation, prostitution, or other form of sexual exploitation of children, or incest with children.
With respect to the definition of sexual abuse, the term "child" or "children" means any individual who is under the age of 18 years. (RSA –C:3 XXVII-a).
If you are in doubt about whether you must report please contact the Department of Campus Safety at 603-526-3675.

DISCLOSURES TO VICTIMS OF CRIMES OF VIOLENCE

Colby-Sawyer College will, upon written request, disclose to the alleged victim of a crime of violence, the results of any disciplinary hearing conducted by the College against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, Colby-Sawyer College will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

WEAPONS POLICY

All deadly weapons and projectiles including: firearms (loaded or unloaded); ammunition; fireworks, firecrackers, black powder or any other explosive devices; knives*; swords, dirks, daggers, stilettos, switchblades, hatchets, machetes, and other bladed instruments; archery and target practice equipment; pellet guns, sling shots or other devices which propel a projectile; or other weapons striking instruments including clubs, sling shots, truncheons, blackjacks and metal knuckles; martial arts weapons including nunchakus, staffs and throwing stars; and mace, OC, pepper spray and the like are specifically prohibited from the residence halls and all college properties except as expressly permitted by written approval of the director of campus safety.

Any object that is used to harm, threaten, or intimidate will also be considered as a weapon.

Violations of this policy will result in confiscation of the objects and conduct system action. Use or possession of any of these items could result in termination of a student's residence hall living privileges or suspension or dismissal from the institution. Depending on the weapon and the circumstances surrounding its discovery, the College may notify New London Police Department.

EDUCATION OF MEMBERS OF THE COLLEGE COMMUNITY

Campus security and fire safety procedures are discussed during new student and new employee orientation. Student Development, which consist of the Departments of Campus Safety, Residential Education, Baird Health and Counseling Center, Citizenship Education and Campus Activities participate in forums, meetings, and programs in residence halls to address students and explain College security, public safety, and fire safety measures and procedures at CSC. Members of the Department of Campus Safety conduct crime prevention and general security and safety awareness presentations when requested by various community groups, including students and employees of the College. During these presentations, the following information is typically provided: crime prevention tips, travel safety, sexual assault prevention, fire safety information, and information regarding campus security procedures and practices, including encouraging participants to be responsible for their own security/safety and for the
security/safety for others on campus. New employee orientation includes a presentation on personal safety, chemical hygiene, workplace violence, and fire safety.

CRIME PREVENTION PROGRAMS

Crime prevention programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Campus Safety personnel facilitate programs for student, parents, faculty, and new employee orientations, in addition to regular programs for Residential Education staff and residents providing a variety of educational strategies and tips on how to protect themselves from sexual assault, theft and other crimes. Some examples of Colby-Sawyer College crime prevention initiatives include:

Facilities Surveys: developed to identify and correct deficiencies in exterior lighting, locking hardware, and safety of individual structures and grounds through tours conducted by the department’s officers.

Management of Aggressive Behavior (MOAB): Behavior management training which includes identifying and responding to threatening behavior, approaching and reducing the tension of an agitated person, alternatives if a person loses control and becomes violent, techniques to control anxieties during interventions while maintaining ones professional attitude, and providing nonverbal, paraverbal and verbal intervention skills. Offered to all staff and faculty.

Project Engrave: engraving tools are made available to members of the college community, free of charge, to mark all valuable property. The result is a reliable tracking method and deterrence to crime. Available to all students throughout the academic year.

Printed Crime Prevention Materials: materials pertaining to sexual assault, fire safety, crime prevention, etc. are distributed at crime prevention presentations throughout the campus and on the Internet.

Residence Hall Security: All exterior doors of the residence halls are protected by card access systems. Student rooms are secured with BEST® locks that require a unique key to help prevent unauthorized duplication. Uniformed officers periodically throughout the day and evening patrol the residence halls.

Emergency Telephones: are located outside each residence hall, outside Colgate Hall, outside the Department of Campus Safety, the Ivey Science Center and parking areas K and M.

Personal Safety Escort Program: a personal escort for all students walking on campus during hours of darkness.

CSCTIP: CSCTIP is a program designed to allow users to inform the Department of Campus Safety about non-emergency security concerns. To text a tip to the Department of Campus Safety, the person must be subscribed to a participating cell phone carrier.
and have text messaging enabled on their phone. To submit a tip, create a text with the word CSCTIP followed by the tip information and send the message to 50911.

A tip can be submitted anytime, anywhere, 24/7. Campus Safety will obtain the text message without any identifying information attached and the sender will be anonymous to the receiver. Any information submitted is forwarded to the Campus Safety Duty Officer and the Director of Campus Safety. This tip service is for non-emergency, investigative information only and will not generate a radio call or summon Campus Safety or the police to the sender’s location. In an emergency always call 9-1-1.

SECURITY LOSS PREVENTION

Theft is the most common crime on American campuses. Safeguard your valuables by practicing these easy tips.

- Keep your doors and windows locked, even if you are sleeping in your room or leaving your room for only a few seconds.
- Keep valuable items like cash, checks, credit cards, and jewelry locked in a safe place. Consider having a securable footlocker or trunk.
- Report broken doors, windows, locks, and lights to your resident director immediately. Follow up if you notice any response delay.
- Don’t loan your key or give your combination to anyone, even friends.
- Don’t prop open external doors or even your own room door. This is dangerous because it allows access to anyone for any reason.
- When leaving your room, keep a light on. This will give the appearance that someone may be in, and you’ll return to a lit room.
- Identify high-value items and keep a record, including serial numbers. Project Engrave is a great way to discourage thieves and protect your valuables.
- When leaving on break, or even for a long weekend, take your valuables with you. If that’s not possible, lock them up before you leave.

RESIDENCE HALL SAFETY

Campus Safety and the residential education staff are here to ensure that security and safety measures are constantly maintained. The CSC Student Life webpage and the Housing Contract delineate residence policies. Listed below are highlights regarding security/safety considerations.

- Entrance doors to all residence halls are locked 24/7
- Do not place items in a position where they block open residence hall entrance doors, doors marked as fire doors, or any window exits.
- Lock your door whenever you leave your room, no matter how short the time. It only takes a few seconds for your belongings to disappear. The same rule applies whenever you or your roommate are sleeping or even for short trips to the restroom.
• Do not leave notes on your door or dry erase board stating that no one is home or posting your daily routine.
• Report missing keys or broken locks to Campus Safety immediately.
• Unauthorized duplication of keys is prohibited.
• Notify residence staff and Campus Safety immediately if you receive obscene or harassing telephone calls.
• Notify Campus Safety in the event of unauthorized room entry. Do not touch anything as you may disturb evidence.
• DO NOT allow anyone you don’t know into a residence hall. Report all suspicious persons and vehicles to Campus Safety.
• Residents are responsible for their guests’ safety and behavior.
• Do not put your name and address on key rings.

NOTIFICATION OF MISSING STUDENTS
If a member of the College community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify Campus Safety at 526-3300. Campus Safety will generate a missing person incident report and initiate an investigation.

In addition to registering a general emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by CSC in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, CSC will notify that individual no later than 24 hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through on the College’s website under myColby-Sawyer in the students section. A student’s confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of the investigation.

After investigating a missing person report, should Campus Safety determine that the student has been missing for 24 hours, CSC will notify the New London Police Department and the student’s emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, CSC will notify the student’s parent or legal guardian immediately after Campus Safety has determined that the student has been missing for 24 hours.

EMERGENCY RESPONSE
The College’s Emergency Management Plan includes information about Unit Plans, College operating status parameters; incident priorities and performance expectations; shelter-in-place and evacuation guidelines; and local contingency and continuity planning requirements. College departments are responsible for developing Unit Plans and continuity of operations plans for their faculty and/or staff and areas of
responsibility. The College conducts emergency response exercises each year, such as
table top exercises, functional exercises, evacuation drills and/or tests of the emergency
notification systems on campus (CSCAlert). These tests are designed to assess and
evaluate the emergency plans and capabilities of the institution.

Department of Campus Safety officers and supervisors have received training in
Incident Command and Responding to Critical Incidents on Campus. When a serious
incident occurs that causes an immediate threat to the campus, the first responders to
the scene are usually the Department of Campus Safety, New London Police (NLPD)
and/or New London Fire (NLFD), and they typically respond and work together to
manage the incident. Depending on the nature of the incident, other CSC departments
and other local or federal agencies could also be involved in responding to the incident.

General information about the emergency response and evacuation procedures for CSC
are publicized each year as part of the institution’s Clery Act compliance efforts and that
information is available on the Department of Campus Safety web site. Detailed
information about and updates to the CSC Emergency Management Plan are available
on myCOLBY-SAWYER.

All members of the CSC Community are to notify the Department of Campus Safety of
any situation or incident on campus that involves a significant emergency or dangerous
situation that may involve an immediate or ongoing threat to the health and safety of
students and/or employees on campus. Department of Campus Safety has the
responsibility of responding to, and summoning the necessary resources, to mitigate,
investigate, and document any situation that may cause a significant emergency or
dangerous situation. In addition, the Department of Campus Safety has a responsibility
to respond to such incidents to determine if the situation does in fact, pose a threat to the
community. If that is the case, Federal Law requires that the institution immediately
notify the campus community or the appropriate segments of the community that may
be affected by the situation.

NOTIFICATION TO THE CSC COMMUNITY ABOUT AN IMMEDIATE THREAT

The College Communication Office (CCO) receives information from the Department of
Campus Safety. If the Department of Campus Safety confirms that there is an emergency
or dangerous situation that poses an immediate threat to the health or safety of some or
all members of the CSC Community, the CCO or designee will collaborate to determine
the content of the message and will use some or all of the systems described below to
communicate the threat to the CSC Community or to the appropriate segment of the
community, if the threat is limited to a particular building or segment of the population.
CCO or designee will, without delay and taking into account the safety of the
community, determine the content of the notification and initiate the notification system,
unless issuing a notification will, in the judgment of the first responders (including, but
not limited to: Department of Campus Safety, NLPD, NLFD), compromise the efforts to
assist a victim or to contain, respond to, or otherwise mitigate the emergency.
In the event of a serious incident that poses an immediate threat to members of the CSC community, the College has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat to the CSC campus community. These methods of communication include network emails, voicemails, emergency text messages that can be sent to a phone or PDA (individuals can sign up for this service on the College web site), and emergency messages that scroll across computer screens when logged into the College system. The College will post updates during a critical incident on the CSC web site at http://www.colby-sawyer.edu/. Public Address (PA) system from the Campus Safety vehicle strategically placed on campus to facilitate communication. Time permitting, printed material providing incident specific information will be posted in residence halls and some administrative buildings.

EMERGENCY EVACUATION PROCEDURES

An evacuation drill is facilitated by Department of Campus Safety each semester for all residential facilities on campus. Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Campus Safety does not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Campus Safety and Residential Education staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of fire or other emergency. At CSC, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. A fire safety presentation is offered to all individuals participating in the drill before they return to their rooms. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the College an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored by the Campus Safety and Residential Education to evaluate egress and behavioral patterns. Reports are prepared by participating departments which identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments/offices for consideration.

Students receive information about evacuation and shelter-in-place procedures during their first floor meetings and during other educational sessions that they can participate in throughout the year. The Residential Education staff members are trained in these procedures as well and act as an on-going resource for the students living in residential facilities.
Campus Safety coordinates announced and unannounced evacuation drills each semester, as described above, to test the emergency response and evacuation procedures, and to assess and evaluate the emergency evacuation plans and capabilities. CSC will publish a summary of its emergency response and evacuation procedures in conjunction with at least one drill or exercise each calendar year.

LOCKDOWN PROCEDURES

Room, Building, or Campus Room Lockdown Response
A Room Lockdown Response is used when it may be more dangerous to evacuate the building than to stay in the assigned rooms. Examples: Violent or potentially violent incident by an angry or deranged person or persons threatening with a gun or other deadly weapon; robbery in progress, etc. Community members will be alerted to a campus “Lockdown” status via text message, a computer connected to the college’s network, e-mail, runner or other means available.

Room Lockdown Procedure
a. When a “Lockdown” alert is received announce “Lockdown” to your group
b. Remain calm and stay with your group of students, faculty, staff, or visitors.
c. Lock room doors and windows, barricade door if circumstances permit
d. Close shades
e. Move people away from doors and windows so they can’t be seen
f. Shut off lights
g. Remain quiet (silence cell phones but do not shut them off)
h. Ignore Fire Alarm (contact 911 if you believe there is a fire danger)
i. Notify law enforcement (911) of the type of disturbance, its location, the number of people causing it, who is involved, any weapon presence, and your name. Provide as much information as possible.
j. If a gunshot is heard, keep people down near the floor and shielded under/behind room furniture as much as possible.
k. Maintain a calming influence over your group. Reassure students, faculty, staff, and visitors that everything possible is being done to return the situation to a normal condition.
l. Notify law enforcement (911) as soon as possible of any medical emergencies.
m. Remain in the secure room until released by law enforcement.
n. If gunshots are fired and fleeing is necessary, run away in a zigzag manner, not a straight line.

Building or Campus Lockdown Response
a. The decision to initiate a building or campus-wide Lockdown rests with Campus Safety and/or law enforcement.
b. A Lockdown consists of moving all students, faculty, staff, and visitors off the grounds and into the buildings, securing all entrances, and denying access to any unauthorized persons.
c. Always begin the Lockdown procedure immediately following notification to do so.
d. Cancel all outdoor activities until approved otherwise by law enforcement.
e. No person should leave a building under a Lockdown order.
f. The building or campus Lockdown is to remain in effect until cancelled by law enforcement.
g. Ensure all instructions issued by law enforcement are followed immediately.

SHELTER-IN-PLACE PROCEDURES

What It Means to "Shelter-In-Place"
If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to "shelter-in-place" means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic "Shelter-in-Place" Guidance
If an incident occurs and the building you are in is not damaged, stay inside-seeking an interior room—until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, CSC Smart Card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest College building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to "Shelter-in-Place"
A shelter-in-place notification may come from several sources, including the Department of Campus Safety, Residential Education members, other College employees, NLPD, NLFD, or other authorities utilizing the College’s emergency communications tools.

How to "Shelter-in-Place"
No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise; follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
   - An interior room;
   - Above ground level; and
- Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.

3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (College staff will turn off ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (Hall Staff, faculty, or other staff) to call the list in to Campus Safety so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.
ANNUAL FIRE SAFETY REPORT

If a fire occurs in a CSC Building, community members should immediately dial 9-1-1. If a member of the CSC Community finds evidence of a fire that has been extinguished, and the person is not sure whether the Department of Campus Safety has already responded, the community member should immediately notify the Campus Safety duty officer to investigate and document the incident.

The fire alarms alert community members of potential hazards and community members are required to heed their warning and evacuate buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. The New London Fire Chief can levy fines and penalties to individuals who fail to evacuate a building promptly – but a more important reason for evacuating is for safety reasons!

When a fire alarm is activated, the elevators in most buildings will stop automatically. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. The emergency phones in elevators on campus typically rings to 911 dispatch.

The Department of Campus Safety publishes this fire safety report as part of its annual Clery Act Compliance document, via this brochure, which contains information with respect to the fire safety practices and standards for CSC. This report includes statistics concerning the number of fires, the cause of each fire, the number of injuries and deaths related to a fire, and the value of the property damage caused by a fire (see charts in Appendix 5 for more information). The compliance document is available for review at the Department of Campus Safety office in James House.

Fire Protection Equipment/Systems

A majority of College buildings are equipped with automatic fire detection and alarm systems which are constantly monitored by a contracted 24 hour dispatch center. Refer to Appendix 4 to review the Fire Safety Amenities in CSC Residential Facilities Chart for information about fire detection, notification, and suppression systems in each residential facility. Colby-Sawyer College periodically reviews its fire safety program and there are no immediate plans for improvement.

Health and Safety Inspections

Fire safety inspections are conducted by Residential Education each semester. Inspections generally occur at hall closings (Thanksgiving, Winter Break and Spring Break). Students will be notified at least 24 hours in advance of the inspection. Inspections will record any violation of the Fire Safety regulations, and students will be advised in writing of the violations and the appropriate sanctions. The Residential Education inspections are primarily designed to find and eliminate safety violations. Students are required to read and comply with the Code of Community Responsibility which includes the inspections and all other rules and regulations for residential buildings. During the summer the Facilities Department conducts an inspection of the
residential facilities. The inspections include, but are not limited to, a visual examination of sprinkler heads, smoke detectors, fire extinguishers and other life safety systems. In addition, each room will be examined for the presence of prohibited items (e.g., sources of open flames, toasters, toaster ovens, coffee pots, hot plates, immersion heaters, irons, air conditioners, space heaters, sun lamps, halogen lamps, or any appliances with exposed burners or prohibited activity (e.g., smoking in the room; tampering with life safety equipment; possession of pets; etc.).

Fire Safety Tips

Buildings are equipped with a variety of features that are designed to detect, stop and/or suppress the spread of a fire.

- A door can be the first line of defense against the spread of smoke or fire from one area to another. Some doors, such as fire doors in corridors or stairwells of residence halls, are designed to stand up to fire longer than those of an individual room. It is important that these doors are CLOSED for them to work. Additionally, if a door has a device that automatically closes the door, it should NOT be propped open.
- Sprinklers are 98% effective in preventing the spread of fire when operating properly. DO NOT obstruct the sprinkler heads with materials like clothing hanging from the piping. Nothing may be hung from or may cover ceilings, smoke detectors, conduit cables, light fixtures, sprinkler pipes, sprinkler heads, or electrical outlets.
- Smoke detectors cannot do their job if they are disabled or covered by the occupant, which is a violation of college policy.
- Almost ¾ of all fires that are caused by smoking material are the result of a cigarette being abandoned or disposed of carelessly. Smoking is NOT PERMITTED in any CSC building.

A daily fire log is available at the Department of Campus Safety in James House from 8 a.m.–5 p.m. Monday through Friday, excluding holidays. The information in the fire log typically includes information about fires that occur in residential facilities, including the nature, date, time, and general location.

(*Please see the Code of Community Responsibility at [http://www.colby-sawyer.edu/campus-life/conduct/index.html](http://www.colby-sawyer.edu/campus-life/conduct/index.html) for a comprehensive policy listing)

EXCERPTS FROM NEW HAMPSHIRE CRIMINAL CODE

644:3 False Public Alarms: A person is guilty of a misdemeanor if he knowingly communicates or causes to be communicated to any governmental agency that deals with emergencies involving danger to life or property a false report concerning an explosion or other catastrophe or emergency knowing such report to be false. This section does not apply to false alarms subject to RSA 644:3-a or 3-b.

644:3-a False Fire Alarms: Any person who knowingly gives or aids or abets in giving any false alarm of fire, by any means, is guilty of a misdemeanor.
644:3-b False Fire Alarms resulting in Injury or Deaths: Any person who knowingly gives or aids or abets in giving any false alarm of fire, by any means is guilty of a class B felony if bodily injury or death is sustained by any person as a result thereof.

644:3-c Unlawful interference with Fire Alarm Apparatus: A person who knowingly tampers with, interferes with, or impairs any public fire alarm apparatus, wire, or associated equipment is guilty of a class B felony.

Penalties: Misdemeanors: Up to one year in jail and/or up to a $1,000 fine. Class B Felonies: One to seven years in jail and/or a fine.

COLBY-SAWYER COLLEGE CRIME STATISTICS

The Clery Act requires colleges and universities across the United States to disclose timely and accurate information about crime on and around their campuses. Amendments to the law have added requirements that institutions afford the victims of campus sexual assault certain basic rights and expanded reporting requirements. Definitions of these crimes are provided in Appendix 1. Appendix 2 provides a table with the Colby-Sawyer College Crime Statistics.

The Department of Campus Safety provides these statistics so that prospective students and their families, and prospective employees have “accurate, complete and timely information about safety on campus.” The statistics reported here generally reflect the number of criminal incidents reported to the various authorities. The statistics reported for the sub-categories on liquor laws, drug laws and weapons offenses represented the number of people arrested or referred to campus judicial authorities for respective violations, not the number of offenses documented.

The crimes that are reported are not necessarily against a member of the CSC community.

How We Compile Our Crime Statistics

The procedures for preparing the annual disclosure of crime statistics include reporting statistics to the College community obtained from the following sources: the Colby-Sawyer College Department of Campus Safety, the New London Police Department (unless otherwise indicated), the office of Citizenship Education and other officials (as defined below). For statistical purposes, crime statistics reported to any of these sources are recorded in the calendar year the crime was reported.

A written request for statistical information is made on an annual basis to all Campus Security Authorities (as defined by federal law) and to the Department of Citizenship Education. Statistical information is requested from employees at the Baird Health and Counseling Center, even though they are not required by law to provide statistics for the compliance document.

All of the statistics are gathered, compiled, and reported to the College community via this document, entitled Colby-Sawyer College Annual Campus Security and Fire Safety Report”, which is published by Department of Campus Safety. Campus Safety submits
the annual crime statistics published in this brochure to the Department of Education (ED). The statistical information gathered by the Department of Education is available to the public through the ED website.

Campus Safety sends an e-mail to every enrolled student and current employee on an annual basis. The e-mail includes a brief summary of the contents of the report. The e-mail also includes the address for the Campus Safety website where the report can be found on-line http://www.colby-sawyer.edu/campus-life/Campus_Safety/Information/right_to_know.html and information about how to request a hard copy of the document.

SPECIFIC INFORMATION ABOUT CLASSIFYING CRIME STATISTICS

The statistics in Appendix 2 are published in accordance with the standards and guidelines used by the FBI’s Summary Reporting System User Manual (SRS, the National Incident-Based Reporting System (NIBRS) User Manual, the Hate Crime Data Collection Guidelines and Training Manual and the relevant federal law (the Clery Act). The number of victims involved in a particular incident is indicated in the statistics column for the following crime classifications: Murder/Non-Negligent Manslaughter, Negligent Manslaughter, Sex Offenses, and Aggravated Assault. For example, if an aggravated assault occurs and there are three victims, this would be counted as three aggravated assaults in the crime statistics chart. The number reflected in the statistics for the following crime categories includes one offense per distinct operation: Robbery, Burglary, Larceny, Vandalism, and Arson. For example, if five students are walking across campus together and they are robbed, this would count as one instance of robbery in the crime statistics chart. In cases of Motor Vehicle Theft, each vehicle stolen is counted as a statistic. In cases involving Liquor Law, Drug Law, and Illegal Weapons violations, each person who was arrested is indicated in the arrest statistics.

The statistics captured under the “Referred for Disciplinary Action” section for Liquor Law, Drug Law, and Illegal Weapons violations indicates the number of people referred to the Office of Citizenship Education for disciplinary action for violations of those specific laws. Being “found responsible” for a violation includes a referral that resulted in a student being charged by Citizenship Education and a record of the action being kept on file.

Hate Crime statistics are separated by category of prejudice. The numbers for most of the specific crime categories are part of the overall statistics reported for each year. The only exceptions to this are the addition of Simple Assault, Intimidation, and any other crime that involves bodily injury that is not already included in the required reporting categories. If a hate crime occurs where there is an incident involving Intimidation, Vandalism, Larceny, Simple Assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document. Note: A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender’s bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to
commit the offense because of his/her bias against the victim’s race, sexual orientation, etc., the assault is then also classified as a hate/bias crime.

The Clery Act provides that an institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” There were no “unfounded” crimes during 2012, 2013 and 2014.
APPENDIX 1

CLERY DEFINITIONS OF REPORTABLE CRIMES

Sex Offenses Definitions

Rape: Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. Sexual penetration means the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, or by a sex-related object. (*From the FBI’s Summary Reporting System User Manual)

*Fondling: The touching of the private body parts of another person for the purpose of sexual gratification without consent of the victim, including instances where the victim is incapable of giving consent b/c of his/her age or temporary or permanent mental or physical incapacity.

*Incest: non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

*Statutory Rape: non-forcible sexual intercourse with a person who is under the age of consent.

(*From the National Incident-Based Reporting System User Manual)

OTHER CRIME DEFINITIONS as per the FBI’s Summary Reporting System User Manual

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed.)

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Burglary-The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Criminal Homicide-Manslaughter by Negligence-The killing of another person through gross negligence.
Criminal Homicide-Murder and Non-negligent Manslaughter- The willful (non-negligent) killing of one human being by another.

Drug Law Violations: Violations of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance, including: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (demerol, methadone); dangerous nonnarcotic drugs (barbiturates, benzedrine). Violations of state and local laws, specifically those related to the unlawful possession, sale, use, growing, manufacturing, making of narcotic drugs.

Liquor Law Violations: The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.)

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned including joyriding.)

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Weapon Law Violations: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, use of firearms, cutting instruments, explosives, incendiary devices, or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. Agencies must include: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc. of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and attempts to commit any of the above.

OFFENSE DEFINITIONS RELATING TO HATE/BIAS RELATED CRIME STATISTICS as per the Hate Crime Data Collection Guidelines and Training Manual.

Hate Crime: Includes all of the crimes listed above that manifest evidence that the victim was chosen based on one of the categories of bias listed below, plus the following crimes:
**Larceny/Theft:** Includes, pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.

**Simple Assault:** An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious serve or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, sever laceration or loss of consciousness.

**Intimidation:** To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

**Destruction/Damage/Vandalism of Property:** To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control of it.

**HATE CRIMES: CATEGORIES OF PREJUDICE**

**Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind.

**Gender:** A preformed negative opinion or attitude toward a group of persons because those persons are male or female.

**Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender nonconforming individuals.

**Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being.

**Sexual Orientation:** A preformed negative opinion or attitude toward a group of persons based on their sexual attraction toward, and responsiveness to, members of their own sex or members of the opposite sex.

**Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term race in that "race" refers to grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.
National Origin: A preformed negative opinion or attitude toward a group of persons of the same race or national origin who share common or similar traits, languages, customs and/or traditions.

Disability: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age, or illness.

GEOGRAPHY DEFINITIONS FROM THE CLERY ACT

On-Campus—Defined as: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building Or Property—Defined as: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property—Defined as: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus.

*There were no Hate Crimes reported at Colby-Sawyer College for 2012, 2013 or 2014.
Appendix 3

FIRE SAFETY DEFINITIONS

Arson – Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Cause of Fire - The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

Fire - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Drill - A supervised practice of a mandatory evacuation of a building for a fire.

Fire-related Injury - Any instance in which a person is injured as a result of a fire, including an injury unstained from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term person may include students, faculty, staff, visitors, firefighters, or any other individuals.

Fire-related Death - Any instance in which a person is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire, or who dies within one year of injuries sustained as a result of the fire.

Non-Campus Student Housing - Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

On-Campus Student Housing - A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

Fire Safety System - Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire, including:
- sprinkler or other fire extinguishing systems
- fire detection devices
- stand-alone smoke alarms
- devices that alert one to the presence of a fire, such as horns, bells, or strobe lights
- smoke-control and reduction mechanisms
- fire doors and walls that reduce the spread of a fire
Value of Property Damage - The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity, including:

- contents damaged by fire
- related damages caused by smoke, water, and overhaul.
