CSCTIP is a program designed to allow users to inform the Colby-Sawyer College Department of Campus Safety about non-emergency security concerns. Information and instructions are provided below to help College community members take full advantage of this service.

**How to Submit a Tip via SMS text messaging:**
To text a tip to the Department of Campus Safety, you must be subscribed to a participating cell phone carrier and have text messaging enabled on your phone. To submit a tip, create a text message with the word **CSCTIP** followed by the information you want to provide, and send the message to **50911**.

**Types of Tips to Submit:**
Examples include but are not limited to:
- Concern about security lighting in your area.
- Concern that a roommate may be using or selling drugs.
- Concern about a community member who has not been themselves (depressed, angry, etc.).
- Information about a crime that occurred on campus.

**When to Submit a Tip:**
You may submit a tip anytime, anywhere, 24/7.

**Cost to Send:**
Although the CSCTIP program is free and requires no purchase or fee for participation, standard text messaging rates and other fees may apply. Check your mobile plan for more details.

**Delete your CSCTIP message:**
For your safety and anonymity, you should always delete all text messages to and from 50911 from your phone’s inbox and outbox/sent folder.

**Privacy:**
Campus Safety will obtain the text message without any identifying information attached and the sender will be anonymous to the receiver. Any information you submit is forwarded to the Campus Safety Duty Officer and the Director of Campus Safety.

**Emergencies:**
This tip service is for non-emergency, investigative information only and will not generate a radio call or summon Campus Safety or the police to your location.

**In an emergency always call 9-1-1**
