The Code of Community Responsibility – Final
August 2020

Introduction
Colby-Sawyer College seeks to balance the needs and the rights of the individual with the welfare of the community. Students are expected to conduct themselves in a manner that is consistent with the values embraced by the college community and reflected in the college’s policies, contracts, rules and regulations, including the Code of Community Responsibility (Code).

One way the college seeks to teach student responsibility is by holding them accountable for their behavior. This Code is intended to describe behaviors that are not acceptable in this college community. This document also contains the process by which unacceptable behavior may be addressed (including the types of sanction that may be imposed). Procedural rules consistent with the Code will be developed as necessary from time to time so that fundamental fairness may prevail.

Students do not lose their rights as citizens of or visitors in this country when they become members of the Colby-Sawyer College community. Conversely, they do not shed these responsibilities. Colby-Sawyer College seeks to balance the needs and the rights of the individual with the welfare of the community. Students are expected to conduct themselves in a manner that is consistent with the values embraced by this college community that are reflected in its policies, contracts, rules and regulations, and the Code.

Purpose
The interest for community members to resolve conflicts is recognized by the college as an opportunity for individual growth, and a time to affirm the Code. Maintaining a balance between the individual and the community is a continual process that requires insight, sensitivity, and diligence on the part of each member of the college. Colby-Sawyer students are expected to read and understand the college’s policies and procedures, the student conduct hearing process and procedures as well as their student conduct hearing rights and responsibilities as outlined throughout the Code.

Part I: Definitions
The following selected terms are defined in effort to facilitate a more thorough understanding of the Code. This list is not intended to be a complete list of all the terms referenced in the Code. A member of the Department of Citizenship Education, the vice president of student development and dean of students or his/her designee shall make the final determination on the definition of any term(s) found in the Code.

1. “Appellate Board” or “Appeal Board” is a group of trained faculty, staff and students of the Colby-Sawyer College Community who will consider an appeal that has been submitted by a student. A decision will be made as to whether or not the appeal meets specific criteria for an appeal to be granted.

2. “Business day” is any day, Monday through Friday between the hours of 8 a.m. and 5 p.m. that the college is open.

3. “Coercion” refers to the use of pressure and/or oppressive behavior, including express or implied threat of harm, intimidation, which places an individual in fear of immediate or future harm or physical injury or causes a person to engage in unwelcome sexual activity. A person’s words or conduct amount to coercion if they wrongfully impair the other’s freedom of will and ability to choose whether or not to engage in sexual activity. For complete definition specific to the college’s sexual misconduct policies refer to Appendix C of this
document. For a complete definition specific to the Title IX Sexual Harassment policy and procedures refer to here.

4. “Colby-Sawyer community members” refers to students, faculty or staff members, and contracted employees of the college.

5. “College” means Colby-Sawyer College (CSC).

8. “Complainant” is an individual who submits an allegation that a person violated the Code.

9. “Conflict of interest” refers to persons who will be prohibited from serving as a hearing officer or board member if a reasonable person could conclude that the person’s involvement would likely constitute a conflict of interest by compromising any portion of the investigatory process, review process, and/or any decision process. Some examples that would create a conflict of interest are, but are not limited too; (1) he/she/they has personal knowledge about the facts that are going to be considered as evidence throughout any portion of the process; (2) he/she/they has served as an support person to the reporting third party, the complainant, and/or the respondent in connection with the alleged policy violation; (3) he/she/they or a member of his/her/their immediate family has an interest (financial or otherwise) in the outcome of the case in question; and/or (4) an objective and reasonable person would question his/her/their impartiality or bias. When in question, the hearing board advisor will make the final determination if a bias exist. In the event the hearing board advisor makes such determination, the person in question will be replaced with another person to carry out the function(s). The hearing board advisor’s decision will be final. In cases that the hearing board advisor is alleged to have some impartiality or bias, the director of citizenship education, the vice president of student development and dean of students, or his/her designee will make the final determination regarding impartiality or bias and any required reassignment. The college reserves the right to select an impartial investigator, reviewer, or decision maker from outside the college in the event no-one from within the institution is comfortable or able to serve in such role.

10. “Consent” refers to voluntary, informed, un-coerced agreement through words or actions freely given, which could be reasonably interpreted as a willingness to participate in mutually agreed-upon sexual acts. Consensual sexual activity happens when each partner willingly and affirmatively choose to participate. For complete definition specific to the college’s sexual misconduct policies refer to Appendix C of this document. For a complete definition specific to the Title IX Sexual Harassment policy and procedures refer to here.

14. “Hearing Board” and “Hearing officers” refers to a group of trained faculty, staff and students who will review all of the facts of the case and make a determination as to whether or not a student did or did not violate the Code. An appropriate sanction will be determined if a violation has occurred.
15. “Incident Report/Statement” refers to information which explains the circumstances relating to the alleged violation of any policy outlined in the Code.

16. “Incapacitation” refers to the state in which an individual’s perception or judgement is so impaired that the individual lacks the cognitive capacity to make or act on conscious decisions. The use of drugs or alcohol can cause incapacitation. An individual who incapacitated (and therefore unable to consent), where an individual know or ought to reasonably to have understood that the individual is incapacitated, may constitutes violation of the college’s sexual misconduct or the Title IX Sexual Harassment policy as defined in Appendix C.

17. “Club” and “Organization” refers to an association or group of students who have complied with the formal requirements for college recognition. 19. “More likely than not” or “Preponderance of the Evidence” is the standard that every board member, and hearing officer will use while deciding whether or not a student violated the college’s Code. Would a reasonable person (the hearing officer or hearing board member), looking at all of the information presented by the complainant, find that it is more likely than not (at least 51%) that the respondent(s) violated college policy(s)?

20. “Respondent” is any student accused of violating any policy at the college.

21. “Student” or “Student community member” means any person, who has been admitted, enrolled in a course(s), or attending a college program. This also includes a person enrolled in other study programs through the college (i.e., study abroad).

24. “Third Party” refers to any other participant in the process who makes a report on behalf of someone else.

25. “Witness” means any person or college community member who has direct knowledge of the incident. Character witness testimony is considered irrelevant and will not be permitted.

Part II: Conduct

The Code applies to students and their registered clubs or organizations. Throughout this document the term student will refer to the student as an individual and to a registered student club or organization as a single entity. Registered student clubs and organizations may be held accountable either through the Student Activities Department, Recreational Sports Department club sports, athletics, or the conduct process as outlined in this Code. The officers or the leaders of a student club or organization may be expected to represent the club or organization during the student conduct process. Nothing in this Code shall preclude holding certain members of a club or organization accountable for their individual acts when an alleged violation of the Code occurs.
A. Jurisdiction of Colby-Sawyer College

1. Each student shall be responsible for his/her conduct from the time of admission through the completion of a degree requirements. This includes conduct before classes begin, after classes end, as well as time between semesters even if his/her conduct is not discovered until after the degree is awarded. If a student withdraws or separates from the college prior to a conduct hearing, the case will be considered pending. Students may not continue in any program offered by the college until the disciplinary process is concluded.

2. If a student withdraws or separates from the college during a time that an earlier sanction was imposed, the student’s file and sanction(s) will be placed in pending status until the time the student re-enroll at the college. Once the student re-enrolls to the college, the previously imposed sanction at the time of withdrawal or separation will resume. For example, if a student is on disciplinary probation at the time of withdrawal or separation from the college, the disciplinary probation will be placed on hold until he/she returns. At the time of return, the student will be placed on the disciplinary probation for the duration of the sanction.

3. Generally, the college jurisdiction shall be limited to student conduct that occurs on college premises or connection with college-sponsored or supervised event, program, and activity (including students enrolled in off-campus internships, study abroad programs, and athletic events). However, the college may apply the Code to students whose misconduct may have an adverse impact on the college community, its members, and/or the pursuit of its objectives regardless of where such conduct occurs.

The following examples describe on and off-campus acts that may be addressed through the student conduct process:

- driving under the influence of alcohol or drugs;
- physical assault;
- sexual misconduct;
- sale/distribution of illegal substances; and
- damage/vandalism.

These examples are illustrative in intent and should not be regarded as all-inclusive. If a department member of Citizenship Education, the vice president of student development and dean of students or his/her designee determine that an alleged act of on or off-campus misconduct falls within the jurisdiction of the college, the case will be referred to the Department of Citizenship Education for resolution.

4. College student conduct proceedings may be initiated against a student charged with conduct that potentially violates both the criminal law and Colby-Sawyer College Code policy. In this case any violations must result from the same factual situation. This may constitute a Code violation without regard to the pendency of civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under the Code may be carried out prior to or simultaneously with civil or criminal proceedings at the discretion of the Department of Citizenship Education, the vice president for student development and dean of students or his/her designee. The college cooperates with law enforcement and other agencies in the enforcement of laws on campus that involve students. This includes providing information requested by subpoena or otherwise permitted by law.
Decisions or sanctions imposed under the Code shall not be subject to change due to criminal charges arising out of the same facts.

B. Conduct Policies

As members of the college community, students have obligations to uphold the Code as well as to obey federal, state, and local laws. A member from the Department of Citizenship Education, the vice president of student development and dean of students, or his or her designee shall make the final determination on what constitutes a potential violation of the Code.

The following list of behaviors is intended to represent the types of acts that constitute violations of the Code. Although the list is extensive, it should not be regarded as all-inclusive. All college students are responsible for knowing and observing all college policies and procedures.

Any guests who are visiting campus including Colby-Sawyer College owned or leased buildings at any time must register with Campus Safety immediately upon arrival and no later than the start of residential quiet hours. The host of a non-student guest will be deemed to be in violation of this policy if he/she fails to properly register any non-student guest or for failing to accompany that non-student guest while the guest is on campus.

his/her designee, and also includes bullying or harassment. For the purposes of the Code, bullying is considered a form of harassment.

**Harassment** is the severe or repeated use by one or more students of a written, verbal, or electronic expression, or a physical act, gesture, or any combination thereof, directed at another individual that has the effect of: causing physical or emotional harm to the individual and or his/her property; placing the individual in reasonable fear of harm to the individual and/or his/her property; or infringing on the rights of other college community members to participate in the programs, activities, and mission of the college. Harassment shall include, but not limited to, a written, oral or electronic communication or physical act or gesture based on any actual or perceived differentiating characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity or expression, socioeconomic status, academic status, physical appearance, or mental, physical, developmental or sensory disability, or by association with an individual or group who has or is perceived to have one or more of such characteristics.

In determining whether an act constitutes harassment and/or bullying, a member from the Department of Citizenship Education, the vice president of student development and dean of students and/or his/her designee will consider the full context of the conduct, giving due consideration to the protection of the college climate, individual rights, freedom of speech, academic freedom and advocacy. Not every act that might be offensive to an individual or a group constitutes harassment and/or a violation of the Code.

14. **Hazing** is defined as an act which engages the mental or physical health or safety of a student, or which destroys or removes public or private property for the purpose of initiation, admission into, affiliation with, or as a condition for continued membership in a group, club or organization. The express or implied consent of the victim will not be a defense. A student is responsible for behavior when he or she solicits aids, agrees or attempts to aid another person in planning or committing the behavior, regardless of whether the person committing the behavior is charged. Apathy and/or acquiescence in the presence of hazing are neutral acts; they are violations of this policy.

Targeting individuals on the basis of these characteristics is also a violation of the college policy. Under these circumstances, the college will coordinate the investigation and resolution efforts outlined in these policies as well as the Code of Community Responsibility (for students) and Employee Handbook (for employees), to address harassment related to the targeted individual's sex, sexual orientation, gender identity or gender expression together

   - or other adverse action.

It is a violation of college policy to retaliate in any way against an individual or a group because the individual or group of individuals reported an allegation of a policy violation. The college recognizes that retaliation can take many forms, may be committed by an individual or a group against an individual or a group, and that a respondent can also be the subject of retaliation by the complainant or a third party. The college will take responsive action to any report of retaliation and may pursue disciplinary action as appropriate. An individual reporting a violation of policy is entitled to protection from any form of retaliation following a report that is made in good faith, even if the report is later not proven.

18. **Service Animals/Emotional Support Animals:** The college recognizes the importance of *Service Animals* as defined by the Americans with Disabilities Act Amendments Act (ADAAA) and the broader category of *Emotional Support Animals* under the Fair Housing Act (FHA) that provide physical and/or emotional support to individuals with disabilities. Colby-Sawyer is committed to allowing individuals with disabilities the use of a Service Animal on campus to facilitate their full-participation and equal access to the College’s programs and activities. Colby-Sawyer is also committed to allowing Emotional Support Animals necessary to provide individuals with disabilities an equal opportunity to use and enjoy college housing. B. Student Conduct Hearing Board Information

1. Colby-Sawyer College may use a variety of different hearing forums for resolution. A department member from Citizenship Education and/or the vice president of student development and dean of students or his/her designee will determine which hearing forum will be utilized depending on allegations, circumstances surrounding the incident. All forms of hearings aim to resolve cases impartially and treat all individuals involved in the process with respect and objectivity.

2. All hearings specific to student conduct take priority over all other non-academic college activities. If a student does not attend his/her hearing or submits a statement waiving his/her right to attend the hearing, the hearing officer or the board’s hearing advisor will submit a plea of not responsible on behalf of the student and the hearing officer or hearing board will make a decision based on any and all information provided at the time of the hearing (Incident Reports, statements, any other information provided by respondents, complainants, witnesses etc.) using the more likely than not standard.

3. Waiving the right to attend a hearing: Students have the option of accepting responsibility for the alleged violation(s) in writing and having sanctions assigned in absentia. If a student waives the right to attend the hearing and accept responsibility for alleged violation(s) the student must submit in writing that he/she is waiving their right to attend the hearing and are taking responsibility for alleged violation(s). This written document must be submitted to the author of the student’s hearing notification letter no less than 24hours prior the start time of the scheduled hearing. Any student who waives their right to attend their hearing and takes responsibility for alleged violations will be notified of the decision and assigned sanctions (if appropriate) in a reasonable amount of time. Failure to attend a scheduled meeting or hearing after appropriate notification or waiving his or her right to attend the hearing will not be a basis for an appeal.

4. Witnesses may be called to the hearing by the hearing officer, hearing board, and/or advisor. The hearing officer, hearing board, and/or advisor have the authority to determine the appropriateness and number of witnesses who may be called. Witnesses called by the hearing officer, hearing board, and/or advisor are required to appear. Refusal or failure to appear may result in being charged with abuse of the college’s student conduct process and/or failure to comply which may result in conduct system sanctioning. Witnesses who withhold information or intentionally mislead an investigator, hearing officer and/or hearing board will also likely result in being formally charged with “abuse of the college’s student conduct process” which more likely than not will result in conducts system sanctioning.
Respondents and complainants may request witnesses to attend his/her hearing. This request must be submitted in writing to the assigned hearing officer or assigned board’s advisor (the author of the letter of notification) no later than 48 hours prior to the scheduled start time of the hearing. It is at the discretion of the assigned hearing officer, hearing board members and/or hearing advisor to call in any respondent and complainant’s witness(s).

5. **Support person** for all hearings excluding cases specific to the college’s [Title IX Sexual Harassment Policies and Procedures](#). A complainant or respondent may have a staff or faculty member assist as a support person. A support person may confer with the complainant or respondent during the hearing, but may not interfere with, advocate for or speak in place of the involved party. Disruptive behavior by a support person will result in their removal from the hearing. Non-college members, including legal counsel are not permitted to serve as a support person, with the exception of cases involving Title IX Sexual Harassment Policies and Procedures.

D. **Hearing Process**

An essential component of any form of hearing is to determine and weigh of the facts that pertain to the allegation(s). A hearing is not a time to call into question a student’s character, but rather to examine the student’s behavior. Therefore character references are not permitted. It is important that personal impact statements and other information pertinent to the allegation(s) against a student be presented clearly and
factually. All participants are expected to be respectful of each other’s role in the hearing process and to conduct themselves according to the direction of the hearing forum. In an effort to be as fair as possible to the complainant and respondent, student conduct procedures may be modified. In certain cases, such as allegations of harming behaviors, endangering behaviors, retaliation, hazing, or Sexual Misconduct Policies and Procedures the complainant in the case will be informed of the findings of the charge(s) and any associated sanctions that may be imposed specific to the charge(s). For allegations specific to the college’s Title IX Sexual Harassment Policies and Procedures, refer to the Title IX Sexual Harassment Policies and Procedures for further information. Support and privacy of all of those potentially involved in the hearing process must and will be taken into consideration. This may include, but is not limited to, alteration of the hearing room setup, or the use of video conferencing, or by other electronic means.

1. A hearing will usually be held within fifteen (15) days of incident reports/statements alleging a student conduct violation being submitted to the Department of Citizenship Education.
2. A hearing officer or hearing board shall conduct the hearing in accordance with the procedures listed below.    e. If a respondent or complainant, after receiving notification at least 48 hours prior to the scheduled start date and time of the hearing, does not appear for a hearing the hearing will proceed without the student present.
   f. Except as directed by the chair, the support person shall limit his/her role in a hearing to that of an advisor to the respondent or complainant. The support person shall not speak for the respondent or complainant and not speak to the board. Refer to the support person section for guidelines and procedures (Part III.B.5).
   g. The hearing officer and/or hearing advisor may arrange for witnesses to present relevant information to the hearing forum. Witnesses will provide information and answer questions from the hearing board members or hearing officer.
   h. Questions may be suggested to the chair of the hearing by a respondent or complainant. All questions from the respondent or complainant shall be directed to the chair of the hearing. Questions of whether information will be received and asked shall be at the discretion of the chair. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Please refer to Part III.B.4 for further information specific to witnesses.

In conducting this review, the department member of Citizenship Education, the vice president for student development and dean of students and/or his/her designee may accept or reject the investigation report/incident report in whole or in part. If the department member of Citizenship Education, vice president for student development and dean of students and/or his/her designee rejects the final investigation report/incident report, the case will be referred back to the investigating office to re-initiate investigation.

l. After the information gathering portion of the hearing concludes, the hearing officer or hearing board shall determine whether the respondent has violated a section of the Code on the basis of whether a reasonable person would find that it is more likely than not (e.g. the preponderance of the evidence standard) that the respondent violated the Code.

m. When a student respondent has been found “responsible” of a violation, the hearing officer or board shall review the student’s student conduct history prior to imposing the appropriate sanction(s). If a student has prior conduct policy violation, this information will be taken into account when sanctions are assigned.

n. All procedural questions are subject to the final decision of the hearing officer/chair of the hearing.

The hearing officer, hearing board chair and/or the hearing board advisor will make the determination whether or not to call the witness in to the hearing and/or review the information provided in the additional statements. If a witness is called to the hearing the witness will provide information to and answer questions from the hearing board members or hearing officer. Questions may be suggested to the chair of the hearing by a respondent or complainant. All questions will be directed to the chair of the hearing rather than to the individual directly. Refer to support person section (Part III.B.5) for the support policy on support person.

In cases involving harming behaviors, endangering behaviors, hazing, retaliation and/or policy violations outlined in the Sexual Misconduct Policy and Procedures, complainant(s) will be afforded the same opportunity to submit and appeal as a respondent. Refer to the Appeals portion of the Code (Part III.G) for information, policies and procedure for submitting an appeal.

F. Sanctions

Students who are found to be responsible for violating the Code will be assigned appropriate sanctions based on the nature of the violation, the severity of the violation, the student’s conduct history, and/or other criteria as determined by the hearing officer or hearing board. Sanctions are typically based on precedent set by other similar cases. However, no two cases or students are exactly the same and sanctions may vary for seemingly similar incidents. Hearing officers and hearing board members are trained to determine appropriate sanctions.

1. The following sanctions may be imposed on any student found to have violated any college policy. This is not an exhaustive list of sanctions. Although sanctions may be imposed individually, most often time’s findings of responsibility will result in various combinations to ensure the educational essence is emphasized throughout this process.

   Educational focus type sanctions example (applies to all students):

G. Appeals

Appeal process: The purpose of the appeal process is to ensure that all students, clubs and organizations are treated fairly throughout Colby-Sawyer College’s conduct hearing process. For this policy, when the term student is used, it may also referring to a club or organization. In cases involving harming behaviors, endangering behaviors, hazing, retaliation, policy violations outlined in the Sexual Misconduct Policy, and/or policies outlined in the Title IX Sexual Harassment Policies and Procedures, both the respondent(s) and complainant(s) may file an appeal in accordance with this policy and process. For prohibited conduct and definitions specific to the college’s Title IX Sexual Harassment Policies and Procedures, please refer to the Title IX Sexual Harassment Policies and Procedures.

1. A respondent and/or complainant (if applicable) who has participated in the hearing process may file an appeal that demonstrates appropriate basis for an appeal that is based on the student conduct hearing process (to include hearings with a hearing officer or hearing board). All appeals must be completed and submitted by the respondent and/or complainant (if applicable) involved in the hearing process and also participated in the hearing process. Appeals submitted by any person other than the student who is appealing, such as a support person and/or some other representative, will not be reviewed and will be automatically denied.

2. All appeals must demonstrate one or more of the following criteria and the student must explain in detail each basis of appeal:

a. new information that was not available and/or known at the time of the hearing, which would likely have had a significant effect on the outcome of the hearing. This new information will be considered only if it is clear that the evidence could not have been known by the student(s) at the time of the original hearing;

b. procedural error, in that the hearing was not conducted in accordance with the procedures prescribed by the Colby-Sawyer College Code and the procedural error must have impaired a student’s right to a fair hearing; and/or

a. disagreement with the finding and/or sanction of a hearing forum;

b. failure to appear at an appropriately scheduled hearing; and/or

c. failure to comply with a sanction.

An appeal is limited in scope. The purpose of an appeal is not to initiate a review of substantive issues of fact or a new determination of whether a violation of college’s rules has occurred.

3. For an appeal specific to a One on One hearing, Community Council Hearing Board, and/or and Administrative Hearing Board, all appeals will be reviewed by an Appellate Board that is comprised of at least three (3) board members who were not original participants of the board or hearing. All members of the Appellate Board have been trained in the Code and Hearing Process and are actively involved in the
hearing process as a Community Council Hearing Board Member, an Administrative Hearing Board Member, a Sexual Misconduct Administrative Hearing Board Member, and/or hearing officer. In some cases, the Director of Citizenship Education, the vice president for student development and dean of students and/or his/her designee may direct a department member of Citizenship Education to review the appeal individually without a board. If this occurs, the department member of Citizenship Education selected to review the appeal will be a department member that did not serve as the hearing officer for a one on one hearing or serve as the hearing board’s advisor assigned to the original case/hearing.

5. The record on appeal is limited to a review of the written appeal document submitted by the appellant(s), the written record of the incident in question, any other documentation or information gathered or reviewed at the hearing, an interview with the original hearing officer or the advisor of the hearing board, and any alleged “new information” in an appeal based, in whole or in part, or a claim of “new information,” as described above in Part III.G.2. “a”.

6. The appeal review meeting is considered closed unless the Appellate Board or designated department member from Citizenship Education reviewing the appeal requests the respondent and/or complainant (if applicable) to attend the appeal review meeting to explain any possible “new information”. The decision to request the respondent and/or complainant (if applicable) to attend is at the discretion of the Appeal Board advisor and/or the Appeal Boards or designated department member of Citizenship Education who is reviewing the appeal.

7. If the appeal is granted, the student will receive written notification from the appeal board hearing advisor or department member of Citizenship Education who conducted the review that the appeal was accepted. This notification will be generally made 5-10 business days from the date of the decision. The Appellate Board or the designated department member from Citizenship Education who reviews the appeal can take one of the following actions:
   a. If the appeal is granted based on the appropriateness of the sanction(s) issued, the matter will be referred to the hearing officer, Community Council Hearing Board, the Administrative Hearing Board, or the Sexual Misconduct Administrative Hearing Board, which originally heard the case to allow reconsideration of the original determination and/or sanction(s). In these instances a complete review of the student(s) conduct history, including previous sanction(s), will take place.

c. If the appeal indicates procedural error, the matter will be referred to a new hearing officer, Community Council Hearing Board, an Administrative Hearing Board, or a Sexual Misconduct Administrative Hearing Board, to allow for reconsideration of the results of the original finding(s).

8. If the appeal is not granted, the student will receive written notification from the advisor of the board or the hearing officer that the appeal has been denied. In the event an appeal is denied the decision made by the hearing board or the department member of Citizenship Education who reviewed the appeal and sanction(s) assigned will remain in effect. This notification will generally happen within 5-10 business days from the decision of the appeal review.

In cases involving harming behaviors, endangering behaviors, and/or policy violations outlined in the Sexual Misconduct Policy and Procedures, complainant(s) will be notified of the findings of the respondent(s).

The decision of an Appellate Board or the department member of Citizenship Education who reviewed the appeal cannot be appealed.

Sanctions are effective as of the date of the letter advising the student of the finding of responsibility and sanction. All appeals must be submitted five (5) days from the written delivery date of the findings letter.

9. Instructions for submitting an appeal:
   a. The student who wishes to appeal must contact the Department of Citizenship Education by email indicating an intent to appeal, you will then be sent instructions on how to properly appeal and provided with the Electronic Appeal Form as an attachment to the email (This is not an appeal, this is only requesting instructions on how to properly appeal).

Part IV: Accommodations for Students with Disabilities, Student Conduct File Maintenance and Review, Notifications, Publications, Refund Policy, and Interim Administrative Action

A. Accommodations for Students with Disabilities

   By federal law, a person with a disability is a person who: 1.) has a physical or mental impairment; 2.) is regarded as having such an impairment, which substantially limits one or more major life activities such as self-care, walking, seeing, hearing, speaking, breathing, or learning.

   A student requesting an accommodation to any portion of the student conduct process to include but not limited to, the investigation, prehearing meetings, hearing, follow up meetings etc. must follow the appropriate process for requesting an accommodation through the college’s Access Resources Department, which can be
located here. The department member from the Access Resources that approves any such request will need to notify the appropriate department member the student is working with the student that the accommodation has been reviewed, approved and shall be followed.

Reasonable accommodations depend upon the nature and degree of severity of the documented disability. Appendix “B”: COVID-19 Policies

COVID-19 Safety Commitment
As Chargers, we have always valued community and the impact each one of us has on it, and each other. Understanding the risks associated with COVID-19 and the profound impact it has on our interconnectedness, and each other’s health, plays a crucial role in us being able to navigate these uncertain times as safely as possible.

To align the college’s health and safety expectations with the well-being of each member of our community, and to provide everyone greater assurances as to what they can expect from each other in terms of a commitment to these standards, all students are required to acknowledge their adherence to the COVID-19 Safety Commitment as a condition of their return to campus this academic year. Resident students will do so as part of their check-in process and commuter students have received a similar document via email from the Vice-President for Student Development and Dean of Students.

The COVID-19 Safety Commitment will codify social and behavioral directives and policies to protect the community. It will include, but may not be limited to, such aspects as mandatory wearing of masks, willingness to be tested for COVID-19 upon arrival and at intervals, to make daily confidential reports of health status, to abide by rules for student functions, gatherings and events, to be placed in quarantine if exposed and in isolation with a positive diagnosis, and to abide by travel restrictions and visitor/guest prohibitions. Please refer to the Colby-Sawyer Code of Community Responsibility (CODE) for information pertaining to procedures for addressing alleged violations of college policy and related sanctions. In addition to all students signing the COVID-19 Safety Commitment, they will also be required to complete an online educational module before arriving on campus.

Students who are found to be responsible for violating COVID-19-related policies will be assigned appropriate sanctions based on the nature of the violation, the severity of the violation, the student’s conduct history, and/or other criteria as determined by the hearing officer or hearing board. Sanctions are typically based on precedent set by other similar cases. However, no two cases or students are exactly the same and sanctions may vary for seemingly similar incidents. Hearing officers and hearing board members are trained to determine what appropriate sanctions should be, including if a student can stay or not. Theoretically, a student who has a clear student conduct file but is found responsible for violating a COVID-19 policy that places self or others at risk could be sent home as a part of a student’s sanction. Please visit the “Sanction” section for a list of possible sanctions.

All residential and commuter students must agree to and sign the COVID-19 Safety Commitment agreement in order to be present on campus by the start of the fall semester.

Testing
A. Residential Students
   1. Before Arrival On Campus
      • Students who reside outside of New England are required to submit to a diagnostic molecular (PCR) test for COVID-19 within three days of their scheduled arrival on campus, then remain home until their departure, and present their negative test result upon arrival on campus.
      • Students who live in areas where test results are not available within three days of the test date are asked to submit to testing as close to their scheduled move-in date as possible and remain home until
departure for campus. College officials will meet with those students individually upon arrival to campus to determine steps for additional testing and whether a quarantine period is required.

- Students who live within New England are not required to submit to testing prior to arrival on campus.
- Students who have unexplained symptoms that could be COVID-19, or have had exposure to a confirmed or suspected case, or have traveled outside New England in the past 14 days, should contact BHCC@colby-sawyer.edu. Such students should remain at home and call their health provider to evaluate symptoms and discuss next steps for a safe return to campus.

2. **Upon Arrival on Campus**

- Students will be asked to confirm the following health screening questions upon arrival on campus, and each day they are on campus so that the college may monitor the health of the campus:
  - I do not have any symptoms of COVID-19 or fever of 100.4 degrees Fahrenheit or higher.
  - Symptoms of COVID-19 can include:
    - no fever, or feeling feverish
    - no unexplained respiratory symptoms such as runny nose, nasal congestion, sore throat, cough, or shortness of breath
    - no unexplained general body symptoms such as muscle aches, chills, and severe fatigue
    - no unexplained gastrointestinal symptoms such as nausea, vomiting, or diarrhea
    - no changes in my sense of taste or smell.
  - I have not had close contact with someone who is suspected or confirmed to have COVID-19 in the prior 14 days? (Note: healthcare workers caring for COVID-19 patients while wearing appropriate personal protective equipment should answer “no” because they are not considered to have a COVID-19 exposure)
  - I have not traveled in the prior 14 days outside of New Hampshire, Vermont, Maine, Massachusetts, Connecticut, or Rhode Island

- Students who confirm in the negative to all questions will be allowed to proceed with check-in.
- Students who confirm in the positive to any question must contact Baird Health personnel at 603-526-3621 who will provide further guidance.

3. **After Arrival on Campus**

- Meals will be available to students beginning on the student’s approved move-in date. During quarantine, students will be able to select “Grab and Go” meals. Once quarantine is complete, students will be given card access to the dining room and must follow posted guidelines and policies. For the full Quarantine and Isolation policies visit the COVID-19 Commitment Web page located here.
- All students – as well as faculty and staff – will be tested with a PCR test for COVID-19 once on campus. (The college will need updated insurance information and consent for COVID-19 test results. Students should always have a copy of their insurance card. The student’s insurance will be billed for testing, and if the test is not covered, the college will incur the expense.)
- Students must self-quarantine in their room until receipt of a negative test result. Working with Dartmouth-Hitchcock Medical Center, the college expects results within 24-48 hours of testing. Students who test positive for COVID-19 will need to return home or isolate in a designated area until they test negative and have no symptoms of COVID-19. (Please note: Students who submit to testing within three
days of their arrival on campus and provide a negative test result upon arrival will avoid an initial self-quarantine.)

B. Commuters
Students who commute to campus should contact the Baird Health & Counseling Center at 603-526-3621 or BHCC@colby-sawyer.edu on or after Aug. 10 to make an appointment to be tested for COVID-19. After a student is tested, travel outside New England is not permitted unless the student is tested again upon return from travel. Students who commute must be tested at least three days prior to the start of classes and submit a negative test result to Baird before Sept. 7.

C. Remote Learners
Since students whose classes are fully remote rarely have a need to come to campus, they are not required to abide by the same COVID-19 testing protocols as students who take classes on campus. Instead, if such students need to come to campus for any reason, they must report to the Campus Safety office upon arrival. Students will have their temperatures taken and must answer the required health screening questions. Students who have a temperature of 100 degrees Fahrenheit or greater, or who have answered yes to any of the health screening questions, will be required to immediately leave campus.

D. Additional Testing
All students will be tested again 7-14 days after arrival on campus as a confirmatory negative test for COVID-19. Throughout the semester, a random sampling of students will be tested again. The sampling plan will be based on the prevalence of the virus in the area, and students will be randomly selected without bias to test again as a representative sample of the student population. More details will be available on dates, times and methods for additional testing in the future.

Daily Wellness Check
Students will monitor their temperature and participate in the college’s daily health screening measures to determine whether it is appropriate to be moving about campus. If students have a change to their health status, they will follow the reporting protocol requirements and provide accurate and complete information.

- Students will be required to submit daily screening data, which will include temperature, health status and recent travel information.
- Students and employees who do not feel well should stay in their room and contact Baird Health at 603-526-3621 or call their personal health provider for evaluation. Students should be sure to let their professors know that they will not be in class, and ask about potential options for attending class remotely.
- The college will monitor information obtained through Daily Wellness Checks to gauge the amount of illness on campus, and check-in with students who report experiencing symptoms.

For More information on the Daily Wellness Check refer to the What’s Required of Those On Campus section of the COVID-19 Health and Wellness Web page.
Face Masks/Face Coverings

- **Face masks**, defined as a cloth face covering that covers both the nose and mouth, will be required in classrooms and other indoor spaces except when actively eating or drinking. Face masks are required outdoors as well when a minimum physical distance of 6-feet from others cannot be maintained. Face shields, defined as a plastic barrier covering the length of one’s face, by themselves do not fulfill the college’s mask mandate, and are only deemed acceptable when a proper face mask is worn underneath.
- Smoking and vaping are discouraged on campus for the duration of the pandemic to ensure face coverings are worn and to avoid known negative effects associated with COVID-19.
- **Note:** On Monday, Aug. 17, the New London select board passed a [resolution](#) requiring the use of face masks throughout town. Like Colby-Sawyer’s policy, this resolution requires that masks be worn while indoors, and outdoors when a minimum distance of 6-feet from others cannot be maintained.
- Student gatherings in residence hall rooms are limited to the established COVID-19 occupancy posted signs for each space. Students will have 24-hour card access to their assigned residence halls. After quarantine, students may visit residence halls other than their own, but will not have card access. Building access will need to be granted by their host. If approved by their roommate(s), current students can be guests in a student room; all residents must wear face coverings if any room occupants are from a different room. Consent to having others in privately assigned spaces can be withdrawn at any time. For the full Guest policy visit the [Department of Campus Safety](#) Web page here. For the full Visitor policy visit the [Department of Campus Safety](#) Web page here. For the information specific to face masks in residential spaces refer to the [Student Events](#) section of the [COVID-19 Web page](#) located here.
- **Move-in**
  - Masks and gloves should be worn when inside buildings and outside when maintaining a distance of 6-feet from others isn’t possible.
  - During move-in guests assisting who are assisting should be asymptomatic, wash and sanitize their hands appropriately before entering residence halls and wear masks and gloves. For further information specific to [Move-in for COVID-19](#) refer to this link here.

For further information pertaining to Face Masks/Face Coverings refer to the [COVID-19 Campus Requirements](#) located here.

Physical Distancing

- Students and employees should maintain distance of 6-feet or greater from others whenever possible.
- There will be signage, directional and informational, throughout the campus that will be important for students and employees to adhere to and be reminded of. Some areas may be marked to identify room occupancy and required spacing; chairs and tables will be removed to allow for physical distancing.
- During move-in Students should move belongings in as few trips as possible to minimize contact with others. For further information specific to [Move-in for COVID-19](#) refer to this link here.
- Resident Assistants will undergo an extensive training program focused on building connection and community, and the importance of COVID-19 related safety measures. Resident Assistants will work with students to determine efficient use of shared bathroom and kitchen spaces, to complement housekeeping’s rigorous cleaning schedule.
For further information pertaining to **Physical Distancing** refer to the *What’s Required of Those On Campus* and *Steps to Enhance Safety* sections of the [COVID-19 Health and Wellness Web page](https://example.com).

### Sanitation

- The Facilities Management staff will continue to keep campus as clean as possible. Facilities Management uses cleaning practices in accordance with CDC guidelines. Common areas and high-touch surfaces will be cleaned with greater frequency. Students and employees will be asked to help out by wiping down classroom surfaces and keeping personal spaces clean. Disinfectant will be available in classrooms.
- As students and faculty enter classrooms, they must take a few minutes to clean the space they will be sitting and working at. Bottles of disinfectant and paper towels are located in each classroom. Housekeeping staff will clean classrooms thoroughly in the evening. Where possible, airflow will be increased in classrooms through the HVAC system or open windows. For further information specific to **Academics** refer to the [COVID-19 Academics and Classrooms Web page](https://example.com).
- Non-residence hall spaces, including classrooms, meeting spaces and common areas, will receive regular cleaning and disinfection. Disinfectant will be available in classrooms to allow students, faculty and staff to disinfect seats, desks and keyboards between classes.
- Frequent handwashing is essential in helping limit the transfer of COVID-19 and hand sanitizer will be available when students and employees are in areas where handwashing is inconvenient.
- Students are to practice proper hand washing and respiratory etiquette (e.g., cover my mouth when I sneeze or cough). For further information specific to **Hand Hygiene and Respiratory Etiquette** refer to the [Prevention section of the COVID-19 Campus Life, Events & Activities Web page](https://example.com).

For further information pertaining to Sanitation refer to the **Sanitation** section of the [COVID-19 Health and Wellness Web page](https://example.com).

### Quarantine, Isolation & Positive COVID-19 Cases

#### A. Quarantine and Isolation

- Colby-Sawyer requires that any resident student with a roommate participate in a “quarantine pod” upon their arrival. A pod is defined as a small social network who have agreed to limit in-person social activities to each other, usually without taking any special precautions. Outside of the group, members agree to follow recommended precautions such as physical distancing and mask wearing, along with any other pod-specific rules.
- Roommates who arrive on campus together will quarantine together and be tested for COVID-19 at the same time.
- In situations where roommates are unable to arrive and quarantine at the same time, the roommate arriving later will be asked to quarantine in an alternate location until they have been tested for COVID-19 and a negative result has been received.
- Quarantining students are restricted to the Colby-Sawyer campus and must physically isolate in their residence hall rooms except to use their residence hall restroom. Quarantining students may also go to their residence hall’s common area to pick-up boxed meals, which will be delivered by Dining Services. Visitation by anyone not assigned to the quarantining student’s room is strictly prohibited during the designated quarantine period.
B. Positive COVID-19 Cases

- Any student confirmed to be infected with COVID-19 must cooperate with the Baird Health and Counseling Center regarding at-home or on-campus isolation, and provide NHDHHS and/or Baird Health and Counseling Center information regarding close contact with others during the 14 days prior to a positive test.
- If Covid-19 illness is confirmed (irrespective of symptomatic or not), students will be isolated per current CDC and NHDHHS recommendations. Isolation may include returning home or to a designated site by campus authority. Baird Health personnel will participate in an isolation support team to assure patient’s needs are met and that privacy is maintained to the extent possible. Baird Health personnel will contact the patient regularly during isolation and make a determination of release from isolation when appropriate.

C. Suspected COVID-19 Cases

- Students experiencing symptoms consistent with COVID-19 but have not tested positive must report that they are experiencing symptoms on the Daily Wellness Check and/or directly to Baird Health and Counseling Center at 603-526-3621.
- Students will be evaluated and tested for COVID-19 if medically directed. If the student tests positive, they become a confirmed case.
- Students who are asymptomatic but have had close contact with someone who has tested positive for COVID-19 should contact the Baird Health and Counseling Center and follow guidance given.

For more information pertaining to Quarantine, Isolation & Positive COVID-19 Cases refer to this link here.

Training
Students will complete and comply with all required COVID-19 related training. Students will receive information in the coming weeks regarding specifics on training.

Symptoms
Students will stay home or in their residence hall rooms if they are experiencing symptoms consistent with COVID-19 or know that they have been exposed to someone who has tested positive for COVID-19. Such students will follow the college’s protocols for isolation or quarantine. For the full Quarantine and Isolation protocols and policies visit the COVID-19 Commitment Web page located here.

- During move-in if anyone (i.e. student, guests helping to move-in, etc.) are experiencing symptoms consistent with COVID-19, have been in contact with someone infected with COVID-19 or have recently traveled to an at-risk area should not come to campus. For further information specific to Move-in for COVID-19 refer to this link here.

Travel
A. Student Travel
Student travel anywhere outside of New London, N.H., is limited to “essential travel” only. Examples of essential travel include doctor appointments, internships, employment, family emergencies and college sponsored field trips.

Students who travel outside of New England should note the destination on their daily health questionnaire. Students traveling outside of New England may be required to quarantine for 14 days and/or participate in COVID-19 testing upon their return as determined by the Director of Baird Health and Counseling Center. Students who
develop COVID-19-related symptoms during or after travel must not return to campus and should notify their primary care provider. Students who return to campus after traveling and develop symptoms while on campus should report them when answering their daily health questionnaire. Baird Health and Counseling Center will contact the student and discuss next steps.

Students are to mirror the requirements of on-campus living/working (face coverings, physical distancing, etc.) when traveling off campus and will follow the college’s rules for approved off-campus activities. Students are to observe local town and state policies regarding face coverings/safe physical distancing, etc.

For the full Student Travel policy visit the Department of Campus Safety Web page here.

For further information specific to COVID-19 occupancy please refer to this link.
A. **Common Areas and Elevators**

Common areas (i.e. game room, residential building student lounges, open student spaces, etc.) have been reconfigured in accordance to recommendations made for 6’ physical distancing, including the repositioning of seating and tables, the removal of some fixtures and the use of restrictive seat labels to be placed on some multi-seat furnishings. Elevators on campus will have a maximum of two people at one time and the use of masks is mandatory.

Current Colby-Sawyer students can be guests in student rooms, if approved by all roommates. The total number of student guests and residents may not exceed the room occupancy posted for that space. Visitors from outside of the college will be asked to remain in the common area of the residential community, with proper face coverings and physical distancing enforced. See the full Guest Policy for more information.

Additionally, signage will be posted within residential communities and outside of common areas (lounges/kitchens/laundry rooms) which outline the number of students that can be in each particular area, and to reiterate physical distancing policies.

Appendix “C”: Sexual Misconduct

Introduction

Colby-Sawyer College does not tolerate sexual harassment. An act of sexual harassment represents a fundamental failure by a community member to recognize and respect the intrinsic worth and dignity of another. Acts of sexual harassment are harmful and illegal and will not be tolerated at Colby-Sawyer College. Such acts corrupt the integrity of the educational process, are contrary to the mission and values of the Colby-Sawyer College community and are against college policy. All forms of prohibited conduct under this policy are regarded as serious college offenses, and violations will likely result in discipline, including the possibility of separation from the college. State and federal laws also address conduct that may meet the college’s definitions of prohibited conduct, and criminal prosecution by state, local, and/or federal law enforcement agencies may take place independently of any disciplinary action instituted by the college.

In order to address incidents of sexual misconduct that do not fall within the definition of Title IX Sexual Harassment, the college has two policies that address allegations of sexual misconduct policies: (1) this policy and (2) for students: the colleges Code of Community Responsibility and for employee’s: employee handbook(s) maintained through the college’s Human Resources Department. These policies are interrelated. If the allegations forming the basis of a formal complaint (Under the Title IX Sexual Harassment Policies and Procedures), if substantiated, would constitute prohibited conduct under both policies, then the grievance process set forth in this Title IX Sexual Harassment policy will be applied in the investigation and adjudication of all of the allegations. Refer to the Title IX Sexual Harassment Policies and Procedures: http://colby-sawyer.edu/assets/student-life/citizenship/Title-IX-Sexual-Harassment-Policies-and-Procedures.pdf.

The college’s Sexual Misconduct policy applies only to certain conduct, as defined under that policy. Specifically, the college Sexual Misconduct policy applies to forms of sexual misconduct that do not fall under the scope of the Title IX Sexual Harassment policy, including Sexual Exploitation, Improper Conduct related to Sex, and the college’s Sexual Harassment. The college’s Sexual Misconduct policy also applies to certain contact that would otherwise be prohibited under the Title IX Sexual Harassment policy (e.g., Sexual Assault, Domestic Violence, Dating Violence, and Stalking under the Title IX Sexual Harassment policy), but which must be dismissed under the Title IX Sexual Harassment policy because they do not meet jurisdictional requirements.

Prohibited Conduct

This policy addresses college Sexual Misconduct. College Sexual Misconduct encompasses all of the prohibited conduct described below that occurs on the basis of sex that does not fall within the definitional or jurisdictional requirements of the federal regulations underlying the Title IX Sexual Harassment policy.

Examples of prohibited conduct under this college Sexual Misconduct policy may include:

- Conduct that occurs in the local vicinity (e.g. a off-campus residence not owned or leased by the college) but outside of a college program or activity; or
- Conduct that occurs outside of the United States when the conduct is associated with a college-sponsored program or activity, such as travel, research, or internship programs; or
Conduct that involves the use of the college’s computing and network resources from a remote location, including but not limited to accessing email accounts.

In determining whether alleged conduct violates this policy, the college will consider the totality of the facts and circumstances involved in the incident, including the nature of the alleged conduct and the context in which it occurred. Any of the prohibited conduct defined in this policy can be committed by individuals of any gender, and it can occur between individuals of the same gender or different genders. It can occur between strangers or acquaintances, as well as people involved in intimate or sexual relationships.

The prohibited behaviors listed below are serious offenses and will result in college discipline. Prohibited conduct involving force, duress, coercion or inducement of incapacitation, or where the perpetrator has deliberately taken advantage of another individual’s state of incapacitation, will be deemed especially egregious and may result in immediate dismissal or termination of employment. The respondent’s consumption of alcohol or the use of illegal substances does not constitute a mitigating circumstance when it contributes to a violation under this policy. Refer to the colleges Human Resources Employee Handbook for information pertaining to employees.

The following prohibited behaviors fall under the college’s Sexual Misconduct policy only if they fall outside the jurisdictional requirements of the Title IX Sexual Harassment Policies and Procedures:

1. **Quid Pro Quo Sexual Harassment**: An employee of the college conditioning the provision of an aid, benefit, or service of the college on an individual’s participation in unwelcome sexual conduct;
2. **Sexual Assault**: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault can occur between individuals of the same or different sexes and/or genders. This includes the following:
   a. **Rape**: The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
   b. **Sodomy**: Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
   c. **Sexual Assault with an Object**: To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
   d. **Fondling**: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
   e. **Incest**: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; or
   f. **Statutory Rape**: Sexual intercourse with a person who is under the statutory age of consent.
3. **Domestic Violence**: Violence committed: (a) by a current or former spouse or intimate partner of the victim; (b) by an individual with whom the victim shares a child in common; (c) by an individual who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; (d) by an individual similarly situated to a
spouse of the victim under the domestic or family violence laws of the jurisdiction in which the felony or misdemeanor crime of violence occurred; (e) by any other individual against an adult or youth victim who is protected from that individual’s acts under the domestic or family violence laws of the jurisdiction in which the felony or misdemeanor crime of violence occurred. For purposes of this policy, an intimate partner is defined as an individual with whom one has or had a short- or long-term relationship that provides romantic and/or physical intimacy or emotional dependence. Intimate relationships can occur between individuals of the same gender or different genders and may include (but are not limited to) marriages, civil unions, dating relationships, “hook-up” relationships, relationships in which partners are characterized as “girlfriends” or “boyfriends,” and relationships between individuals with a child in common.

4. Dating Violence: Violence committed by an individual who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting individual’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the individuals involved in the relationship. This includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

5. Stalking: Engaging in a course of conduct directed at a specific individual that would cause a reasonable person to: (a) fear for the individual’s safety or the safety of others; or (b) suffer substantial emotional distress. For the purposes of the Stalking definition: Course of conduct means two or more acts, including acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about an individual, or interferes with an individual’s property. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

6. College Retaliation pertaining to the Title IX Sexual Harassment Policy or the college’s Sexual Misconduct Policy: The college expressly prohibits any form of retaliatory action against any member of the college community who in good faith: (1) files a report, complaint or grievance under this policy (or with an external entity); (2) opposes in a reasonable manner an action or policy believed to constitute a violation of this policy; or (3) participates in college investigations, compliance reviews, or discipline proceedings under this policy.

Depending on the circumstances referenced above, retaliatory acts may include (but are not limited to):

- Adverse employment action;
- Adverse action relating to participation in an educational or working program;
- Unreasonably interfering with the academic or professional career of another individual;
- Engaging in conduct which constitutes stalking, harassment, or assault;
- Engaging in efforts to have others engage in retaliatory behavior on one’s behalf.

The college retains the right to charge an individual for making a materially false statement in bad faith during the course of an investigation, proceeding, or hearing under this policy, but will not conclude that any individual has made a materially false statement in bad faith solely based on the determination regarding responsibility. Complaints alleging retaliation under this policy, including for the exercise of rights under this policy, must be filed in accordance with this policy and will be addressed promptly and equitably. Where the individual allegedly retaliating is
not affiliated with the college and not otherwise subject to its policies, the college will process the complaint and take appropriate measures.

Notwithstanding the above, the exercise of rights protected under the First Amendment does not constitute retaliation prohibited under this policy; and charging an individual with a violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

The jurisdictional requirements of the Title IX Sexual Harassment policy do not apply to the following prohibited behaviors, that is, the following prohibited behaviors do not fall under the Title IX Sexual Harassment policy regardless of where or under what circumstances they occur:

7. **College Sexual Harassment**: Under the college’s Sexual Misconduct Policies: Sexual harassment is any unwelcome sexual advance, request for sexual favors, or other unwelcome verbal or physical conduct of a sexual nature when:
   a. Submission to or rejection of such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment, evaluation of academic work or participation in social or extracurricular activities;
   b. Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual; or
   c. Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance by creating an intimidating, hostile, humiliating, demeaning, or sexually offensive working, academic or social environment. The effect will be evaluated based on the perspective of a reasonable person in the position of a complainant.

A single or isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to provide a hostile environment, particularly if the harassment is physical.

8. **Sexual Exploitation**: Under the Sexual Misconduct Policies: Sexual exploitation is an act or acts committed through non-consensual abuse or exploitation of another person's sexuality for the purpose of one’s own or another's sexual gratification, financial gain, personal benefit or advantage or any other non-legitimate purpose. The act or acts of sexual exploitation are prohibited even though the behavior does not constitute one of the other sexual misconduct offenses. Sexual exploitation may involve individuals who are known to one another, have an intimate or sexual relationship, and/or may involve individuals not known to one another. Examples include, but are not limited to:
   a. Observing another individual's nudity or sexual activity or allowing another to observe consensual sexual activity without the knowledge and consent of all parties involved, or disrobing of another without permission;
   b. Non-consensual streaming of images, photography, video or audio recording of sexual activity or nudity, or distribution of such without the knowledge and consent of all parties involved;
   c. Prostituting another individual or aiding in or facilitating the sexual assault of another;
   d. Knowingly exposing another individual to a sexually transmitted disease or virus without his or her knowledge; and
e. Inducing incapacitation for the purpose of making another person vulnerable to non-consensual sexual activity.

9. **Improper Conduct Related to Sex.** Unprofessional or inappropriate conduct that does not fall under other forms of Title IX Sexual Harassment or college Sexual Misconduct, but that is sexual and/or sex based in nature and has the effect of unreasonably interfering with an individual’s educational experience, working conditions, or living conditions.

10. **Consent, Incapacitation, and Coercion.** The college considers consent as a voluntary, informed, un-coerced agreement through words or actions freely given, which could be reasonably interpreted as a willingness to participate in mutually agreed-upon sexual acts. Consensual sexual activity happens when each partner willingly and affirmatively chooses to participate.

Indications that consent is not present include: when physical force is used or there is a reasonable belief of the threat of physical force; when duress is present; when one individual overcomes the physical limitations of another individual; and when an individual is incapable of making an intentional decision to participate in a sexual act, which could include instances in which the individual is in a state of incapacitation.

Important points regarding consent include:

a. Consent to one act does not constitute consent to another act.

b. Consent on a prior occasion does not constitute consent on a subsequent occasion.

c. The existence of a prior or current relationship does not, in itself, constitute consent.

d. Consent can be withdrawn or modified at any time.

e. Consent is not implicit in an individual’s manner of dress.

f. Accepting a meal, a gift, or an invitation for a date does not imply or constitute consent.

g. Silence, passivity, or lack of resistance does not necessarily constitute consent.

h. Initiation by someone who a reasonable person knows or should have known to be deemed incapacitated is not consent.

**Coercion** includes the use of pressure and/or oppressive behavior, including express or implied threats of harm, intimidation, which places an individual in fear of immediate or future harm or physical injury or causes a person to engage in unwelcome sexual activity. A person’s words or conduct amount to coercion if they wrongfully impair the other’s freedom of will and ability to choose whether or not to engage in sexual activity.

For purposes of this policy, **incapacitation** (or incapacity) is the state in which an individual’s perception or judgment is so impaired that the individual lacks the cognitive capacity to make or act on conscious decisions. The use of drugs or alcohol can cause incapacitation. An individual who is incapacitated is unable to consent to a sexual activity. Engaging in sexual activity with an individual who is incapacitated (and therefore unable to consent), where an individual knows or ought reasonably to have understood that the individual is incapacitated, constitutes Title IX Sexual Harassment as defined by this policy.

**Anonymous Reporting**

If a reporting individual makes an anonymous report, the college’s Title IX Coordinator will consider how to proceed, taking into account the individual’s articulated concerns; the best interests of the college community; fair treatment of all individuals involved; and the college’s obligations under Title IX.
A complainant cannot file a formal complaint anonymously.

Any individual may make an anonymous report concerning a violation of this policy through the college’s Sexual Misconduct Report Form. Anonymous reports may be made by downloading the Sexual Misconduct Report Form, printing out the form and completing and returning it to the Director of Campus Safety. Completing a Sexual Misconduct Report Form report can be made without disclosing the reporting individual’s own name, identifying the respondent, or requesting any action. However, if the reporter provides limited information, the college may be limited in its ability to take action. Completing a Sexual Misconduct Report Form is not a Confidential Resource and making a report to a sexual misconduct report form may result in a college review or investigation.

**Employees’ Responsibility to Report**

In emergency situations, if there is a suspected crime in progress or imminent or serious threats to the safety of anyone, employees must immediately contact the Department of Campus Safety by dialing (603)526-3300 or contacting local law enforcement (see [Emergency Resources and Law Enforcement](#)).

In non-emergency situations, employees (other than those formally designated as Confidential Resources under this policy) must promptly report suspected violations of this policy to the college’s Title IX Coordinator. Some students with special responsibilities, including Residential Education Staff (e.g. RA’s) must promptly report alleged violations of this policy to college’s Title IX Coordinator.

Students are encouraged to report any suspected violation of this policy (after consulting a Confidential Resource as appropriate).
